A New Millennium

2001 was the first year of a new millennium. The beginning of a new decade, century and thousand year millennium. Things had changed a lot in the past 1000 years, 100 years and even in the last 10 years. Life was changing at an unprecedented rate. The advancement of technology meant that new products were appearing more and more rapidly. How different it was from 1900. People have always made predictions about the future. Many of the things that were predicted for the year 2000 never came about but there are many things that we have today that were never even imagined 100 years ago. The only thing about the future that is predictable is that the future is not predictable.

The students that graduated in 2001 entered a world very different from the world their parents began in. They had many more opportunities but they needed more education and training to take advantage of them. The new millennium held many chances for the students to survive if they were willing to work.

A New Millennium

The life of a student as they entered the new millennium was much different from what it was only a few years ago. A couple of decades ago students were involved in many after school activities. As one would walk through the halls after school there was much activity in many of the rooms. As we entered the new millennium, things were very much different. Because of security concerns, students could not linger in the building after school. After the final bell students scattered to their buses and to all the activities that they went home to if they went home. More often than not after school meant going to a job that entailed working upwards of 40 hours each week. Fewer and fewer students participated in school activities because they were too busy with other jobs.

John Koeth, Corey Conell, Joe Rinella, Derek Mattson, Casey Kilkenney, Mike Tschantz, Mike Schoen, Bob Lucas and Jim Kolenc showed their spirit for the St. Joe football game.

Chrissy Ewing and La Shaun Mc Griff are good friends since both of them are in the Flag Corps.

COULDN'T GET THE

Euclid football loses a close Homecoming game to Mentor

Homecoming week was an exciting one at Euclid High School. Monday was 'mismatch' day followed by 'hat' day on Tuesday. Wednesday was 'senior citizen' day and Thursday was 'decades' day. Friday was the traditional 'Blue and Gold' day. At the end of school on Thursday there was an assembly where the candidates for King and Queen and Court were introduced to the school and got a chance to tell a little about themselves. Elections were held in homeroom on Friday and the winners were announced during halftime of the football game on Friday. The candidates were introduced with their parents to the fans at the game before the kickoff.

The football game on Friday was a defensive battle with Euclid coming out on the short end of a 0-7 score. The Panthers had good field position throughout the game but couldn't get the ball into the endzone. They were stopped by several penalties but they only fumbled once which was much less than they fumbled in the previous several games. The running game was held to just 73 yards and even though they passed for 202 yards they couldn't put any sustained drives together. The Euclid defense did a very good job with the exception of a long run after a completed pass which set up the Mentor touchdown.

Sabrina Peacock, Kelly Collins and Chris Hongosh show one way of mismatching.

Herbert Webster and Brandon Warner like to show off the hats they wore for 'Hat' day.

PARADISE

More than 800 students make

Homecoming 2000 was the first homecoming of the new millennium. It was held on Saturday, September 30 in the E-room and the theme was "Paradise in the Sky". 808 people attended the event and it seemed that everyone had a good time. There was music played for everyone to enjoy. The E-room was decorated with lights and blue and white balloons which provided a pleasant atmosphere. Snacks and drinks were served to those attended. The Queen was **Verea Bibbs** and the King was **Tony Basalla**. The Junior Attendant was **Ngozi Anekwe** and the Sophomore Attendant was **Jamie Strell**. After the winners were announced the King and Queen danced and then everyone joined in. The dance then began winding down as most of the students were getting tired from all the dancing. The dance was a success and would definitely be a memorable experience for everyone who attended.

A New Millennium

Everyone wanted to be a senior. Being a senior had a certain air about it. The class of 2001 was the first class of the new millennium. They were the fifty second graduating class that came out of Euclid High School. There were a lot of good things that were accomplished by the class of 2001. They were involved in many service projects that made their lives a rewarding experience. The class of 2001 was well prepared to enter the next millennium.

Josh Mikolojski, Jamie Clark and Josh Provateare are preparing for the future by learning how to repair automobiles.

THE OLDEST AND THE WISEST

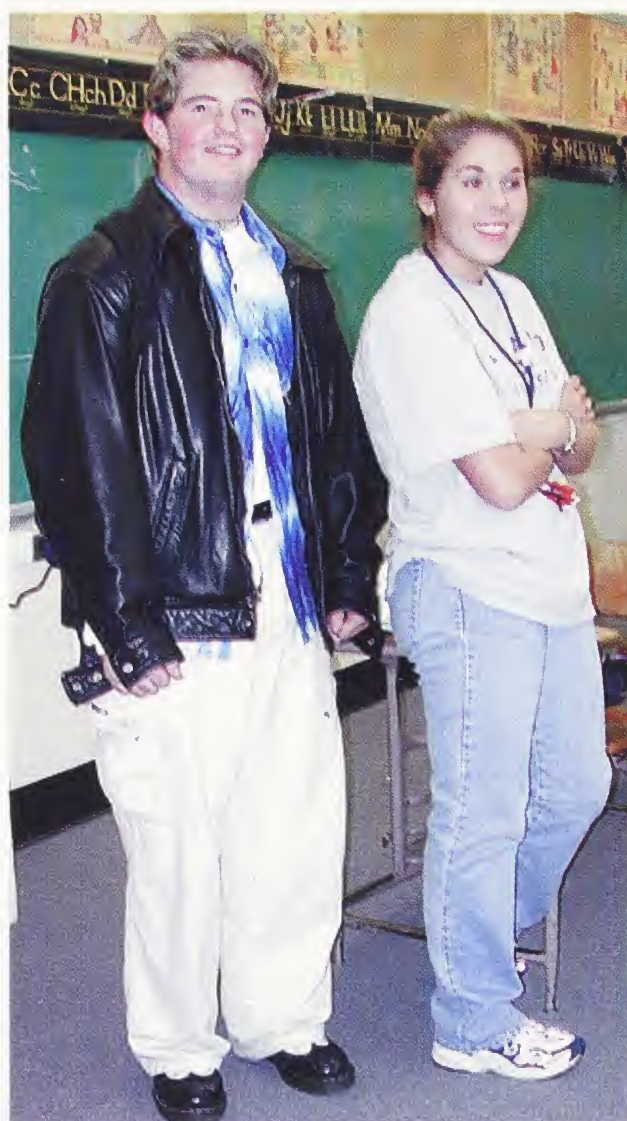

Seniors have the information to pass on to the underclassmen

The Class of 2001 was the first class of the new millennium. It was a really exciting time to be a student. There were so many new gadgets that the seniors were familiar with. The seniors of the new millennium were much more knowledgeable of the things around them. The seniors had a definite advantage over all the students that came before them. The seniors were the students to look up to. They were the old, wise ones in the school. They knew how to get the jobs done. They were the ones who did the most for the school. They were almost ready to go out into the world and make it on their own. They were mature. They were knowledgeable. They knew the ways of the world and would soon be testing the waters of the river of life.

Jamie Paige is an intelligent, young lady who will lead her class into the next millennium.

SEEING THE SIGHTS

Euclid students get a chance to travel to distant lands

The Euclid students gather in a pavillion in Segovia, Spain.

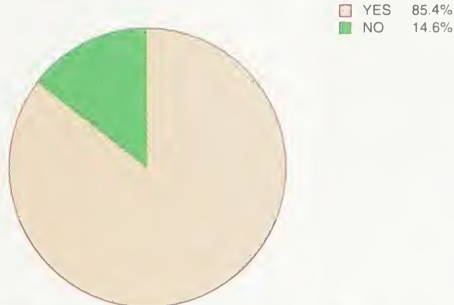

During April of 2000, 16 Euclid students spent their Spring break in Spain and France. **Sheila Satava, Anna Raguz, Jon Ciora, Mike Babuder, Shalonda Dickson, Derik Malenda, Ben Dore, Nick Verch, Najma Wilkerson, Emily Duer, Becky Jenkins, Althea Jones, Cherron Gipson, Stephanie Buchanon, Megan Stefanac** and **Mary Pat Pavicic** came up with the required money to enable themselves to go on the trip. Mrs. **Kimberly Fish** and Ms. **Jill Krimmel** were the chaperones for the trip. The students visited cities like Madrid, Segovia, Barcelona, Zaragoza, Paris, Rouen, Giverny, Normandy and Arromanches. They also saw places like the Prado Museum, the Valley of the Fallen, Olympic Stadium, Monet's home, Omaha Beach, American Military cemetery, the Louvre Museum and the Eiffle Tower. The students and teachers all had a fun, safe and educational trip, and came home with a new respect for their country as well as the world.

WORKING FOR MONEY

Most seniors have a job after school

DO YOU HAVE A PART TIME JOB?

HOW MANY HOURS DO YOU WORK PER WEEK?

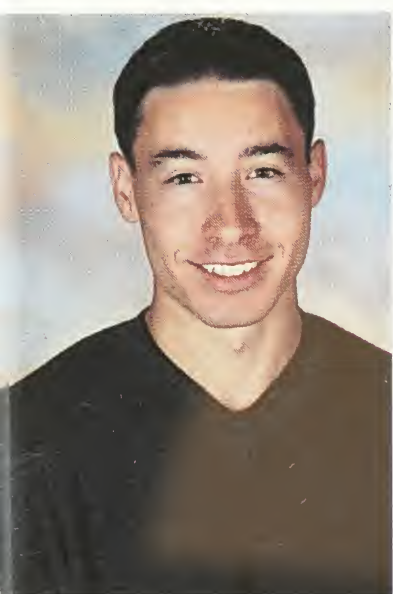

Seniors were asked whether or not they had a job after school. More than 85% said that they did. This was higher than the previous year where less than 76% said they had a job. The distribution of hours worked was about the same as in 1999-2000 with the majority of students working 20-29 hours per week.

Far Left: **Mark Moster** and **Steve Gliha** like to patronize **Martin's Freeze** so they can be waited upon by **Kathleen Oprian**.

ENJOYING THE MOMENT

Most Euclid seniors enjoyed their high school years

Many students complained about how bad high school was but when the seniors of the Class of 2001 were asked whether or not they enjoyed their years at Euclid more than 88% said that they did. This was slightly more than said they enjoyed high school in the class of 2000.

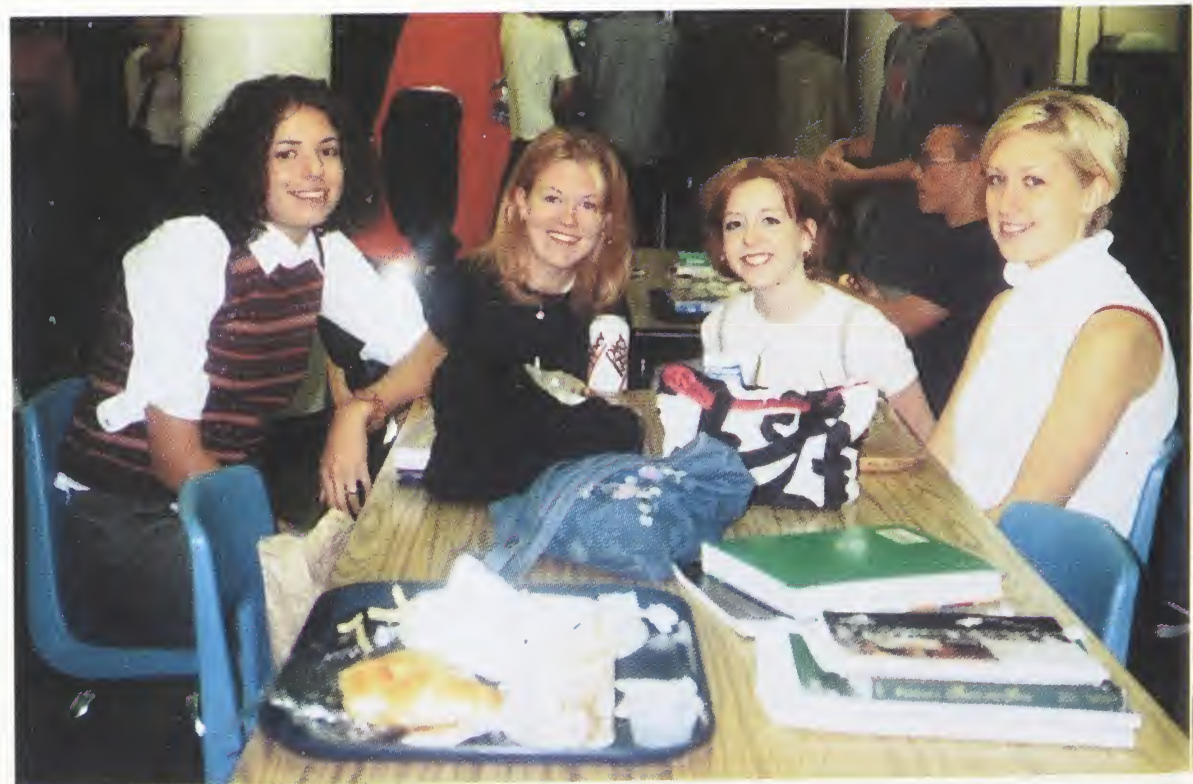

Above: Even though **Katie Mlac** got injured in a volleyball game with Mentor, you can see she is still smiling.

Right: **Deaidre Haynes** and **Keyasha Davis** look like they are having a good time at Euclid.

Rachel Lewand, **Becky Slabe**, **Mary Pat Pavicic** and **Heather Champa** had a good time during their lunch period.

LOOKING TO COLLEGE

Most Euclid seniors planning on some higher education

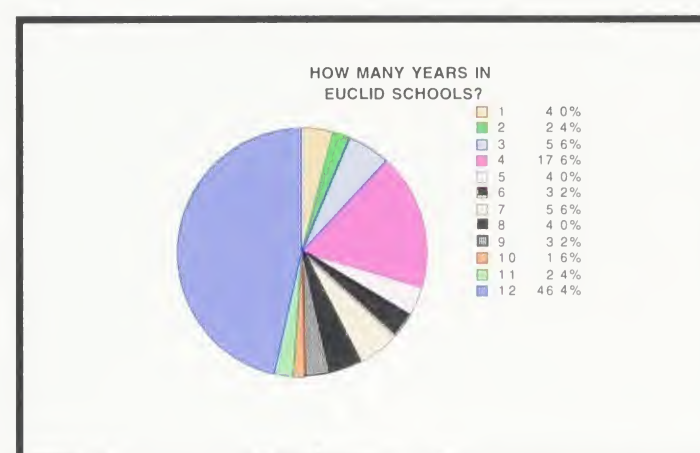

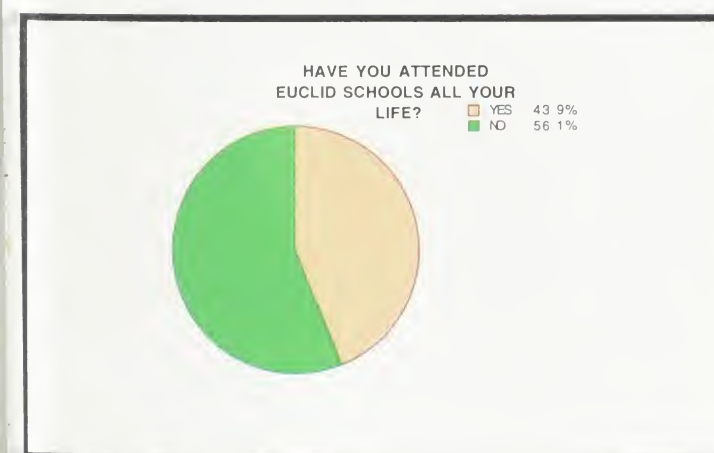

Seniors were asked whether or not they were planning on going to college. 94% of the Class of 2001 said they were planning on going to college. This was about the same as what the members of the previous year said.

Steve Sabo, Michelle Radosevich, Dave King and Anna Raguz and Abra Smith, Fallon Pulley and Terry Howell all work hard in their classes in preparation for college.

TRANSIENT POPULATION

Most Euclid seniors did not begin in the Euclid Schools

Euclid schools were made up of many students that did not attend the Euclid schools all their lives. Less than half of the seniors reported that they had been in the Euclid schools for twelve years. The percentage reported by the Class of 2001 was about the same as that reported by the Class of 2000.

RED FACED

Euclid seniors tell about their embarrassing moments

Euclid seniors were asked what their most embarrassing moment was. These are the responses that some of the seniors gave.

Zipporah Alexander was embarrassed when her mother caught her in her house with three boys.

Celeste Armstrong was in the library with a friend and they were writing notes about how hot this guy was who was sitting across from them and then the guy who was sitting with them stole the note and gave it to the guy they were writing about.

A New Millennium

Sports has always been an important tradition at Euclid High School. Almost every sport that a student would be interested in was offered at the school. The freshmen played against other freshmen teams and only some very talented freshmen played on the Varsity and Junior Varsity level. As the skill level increased, the students were able to play on the Junior Varsity and Varsity levels. For many students this was the major interest that they had in school and their chance excel in something and possibly get a chance to go to college. All the students enjoyed the chance to get together with friends and to make new ones.

SHUT OUTS

Panthers held their opponents scoreless in their last three games

The 2000 season was the beginning of a new era for the Euclid panther football program with the beginning of new head football coach, **Mike Rezzolla**. The team finished with an overall record of 6-4 and an L.E.L. record of 4-2 which was good enough for a third place finish in the tough league. The panthers began the season with a win over Lake Catholic but then suffered three defeats to Strongsville, VASJ and Shaker Heights before beating Valley Forge. They then lost a close Homecoming game to Mentor before finishing the season with wins over Lakewood, Elyria, Cleveland Heights and Bedford. At the beginning of the season the team suffered from sloppy play and the team had a lot of turnovers. Coach Rezzolla was trying to run the quarterback option and many times the ball was lost on the pitch back. By the end of the season, however, the team was getting everything to work together and they won five of their last six games, giving up only 14 points in their last six games and recording three shut outs in their last three games. They were almost able to make the play-offs and would have if they had been playing at the beginning of the season like they were at the end.

The panthers did not have as many stand out players as they had in the past. The most talented player was **Chris Harrell** who played defensive back, wide receiver and alternated as quarterback with **Germaine Smith**. Chris caught 33 passes for 782 yards during the season but was an area leader in defense with 7 interceptions and 70 tackles. Chris, **Paul Cunningham**, **Shaun Chatman**, and **Flint Harris** all made the News Herald All Star First Team.

Germaine Smith, and **Mike Alexander** made the Second Team, **Terry Howell** got a Special Mention and **Dan Heising Dennis Strell**, **Jerome Young**, **Doug Groves**, **Frank Negolfka**, **Weston Johnson**, **Brad Kitchen** and **Devin Chrestoff** all got an Honorable Mention. The players really matured as the season progressed and really got better at working as a team.

SERVING IT TO 'EM

The 2000 girl's tennis team really showed that girl's tennis was reaching a peak in the Euclid area. The girls finished with a 12-7 overall record and 8-1 in the L.E.L. which gave them a second place finish. The team was strong in the singles events with freshman **Mia Shy** playing first singles and junior **Christina Hagenbaugh** and senior **Christine Metti** and second and third singles. The first doubles team of senior **Kelly Hanson** and junior **Alison Baranowski** also gave the team a chance to earn points. They won a lot of good games and the ones that they lost were often close. The team was coached by **Pete Swope** who was very pleased with the team's performance and was looking forward to better things in the future.

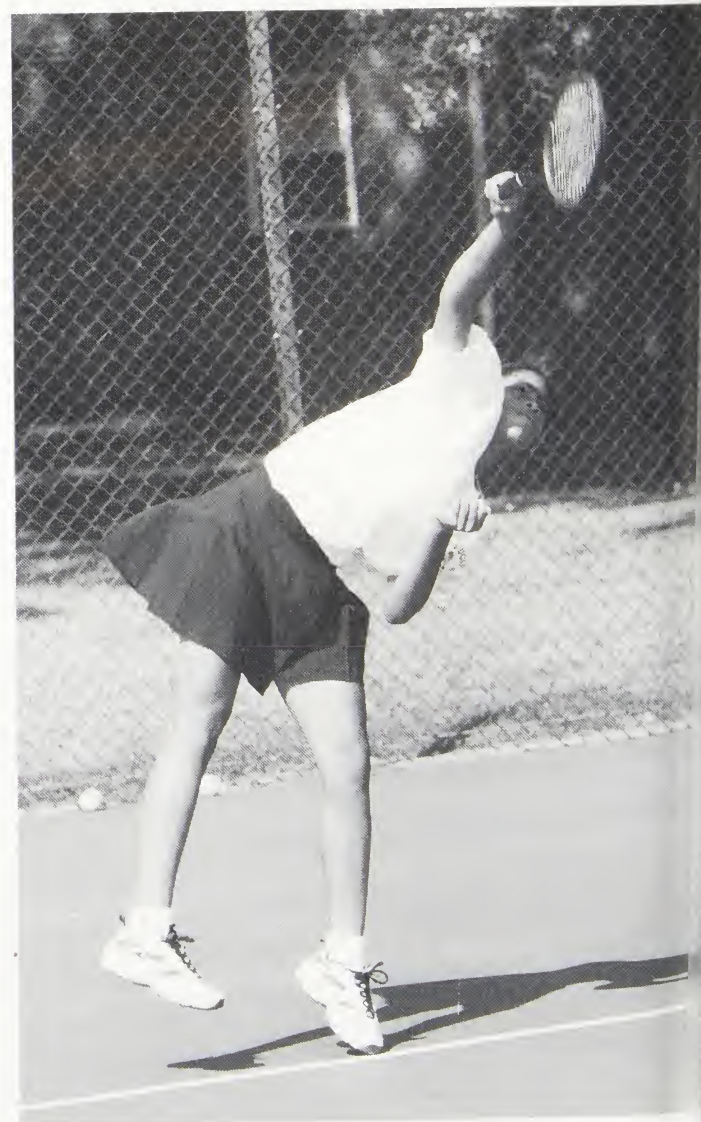

Junior, **Christina Hagenbaugh**, played second singles and did an excellent job on the courts.

Junior, **Alison Baranowski**, follows through with the racket after returning the ball.

Senior, **Christine Metti**, played third singles and helped the team with her good ground strokes and her backhand.

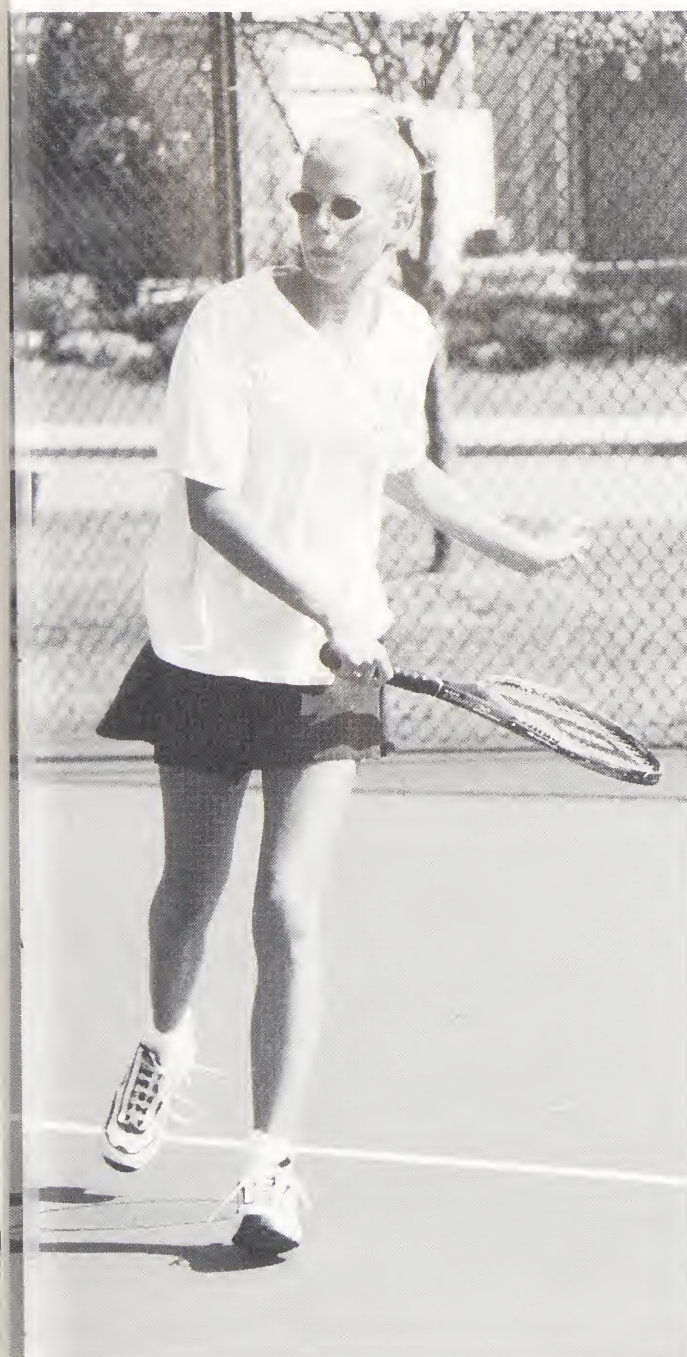

Freshman, **Mia Shy** had a powerful serve and really played the ground strokes well at first singles.

Girl's tennis has a great season and finishes second in the L.E.L.

DIFFERENT STROKES

Golf team has an enjoyable year but only finishes fifth in L.E.L.

The Euclid panther golf team finished the season with a 14-8 record and fifth in the L.E.L. Despite having four seniors in the line up the team never quite lived up to their potential. Senior co-captains **Phil Bojc** and **Richie Rohl** paced the team throughout the year and were helped by senior **Ton Vongsfak** and junior **Mark Fetheroff**. Senior **Bobby Butler**, junior **Jarod Jones** and sophomore **Pat Daly** rounded out the scoring leaders. English teacher and golf coach, Mrs. **Barbara Ramlow** worked with the team throughout the season to improve their scores and get them ready for the tournaments.

IMPROVEMENT IN A TOUGH SEASON

The Euclid Varsity Volleyball team was under a new head coach for the 2000 season. **Rhonda Scharf**, who used to be the freshman coach, was the varsity coach. The team finished the season with a 6-16 record which gave them a tie for fifth place in the L.E.L. The team was a young one with only five seniors due to the loss of many seniors last year. The 2000 team consisted of seniors, **Alissa Meier, Carla Okorn, Mary Pat Pavicic, Vereba Bibbs** and **Taresa Willingham**. The rest of the team consisted of juniors, **Erika Stahre, Sonia Feijoo, Dominique Drake** and **Diondra Smith**, sophomores, **Cory Mc Redmond, Kristi Tutolo** and **Katy Koran** and freshman, **Monique Drake**. Even though the team had a losing record they had a lot of fun playing together and learned a lot about volleyball and sportsmanship. They ended the season by winning 4 out of their last 5 games.

The wrestling team had a tough season due to a lack of wrestlers. Since they were forced to forfeit as many matches as they wrestled they were doomed to have a losing dual meet season. The lack of wrestlers, however, was not as important at the tournaments where they did better due to the fact that they had some good wrestlers. The team was relatively young with **Herbert Webster** being the most important senior. Other important wrestlers were juniors, **Raymel Early** and **Rick Kushan**, Sophomore **Joe D'Amico** and freshman **Steve Dominick**. The coaches for the team were **Matt Fadel**, **Greg Sattler** and **Jerome Jones**.

The girl's cross country team struggled through the season due to the small number of girls participating. With only six girls running the team could not afford to lose anyone due to illness or injury. Co-captains **Kristi Scheider** and **Trayce Stewart**, both juniors, had to lead the team throughout the season. They were usually followed by senior **Sarah Osterman**. Juniors **Jennifer Easley** and **Candace Davis** and sophomore **Lindsay Cozart** rounded out the team. None of the girls were able to perform at an exceptional level which kept the team in the middle of the pack at the meets. With only one senior on the team their chances of improvement in the future should be good. Mr. **Bob Torrelli** was the new coach for the team this year.

The boys cross country team consisted of ten hearty souls who had fun running around the courses that were set up for them. This year, senior and captain **Michael Tschantz** was the runner who turned in the lowest times and was able to do well in most of the meets. He was named the News Herald Runner of the Week during the season. Following Tschantz was senior **Mike Baranauskas**, junior **Joe Rinella** and sophomore **Mike Watson**. The team lacked five really strong runners and therefore finished in the middle of the pack at most of their events. This was the first year for coach **Steve Rodriguez**.

FINISHING STRONG

Boys win most of their last games and finish second in the league

The 2000-2001 Euclid Panther basketball season began with a fitting tribute to a man who coached the Euclid Panthers for 39 years. Before the Panthers first game against Wickliffe, the Euclid east gymnasium was renamed the Harold "Doc" Daugherty Gymnasium. There was a small ceremony and a plaque is located above the doors. The Panthers ended up defeating Wickliffe 64-62 which signaled the beginning of the **Sean O'Toole** era in Euclid boy's basketball. Leading the team were senior starters **Tony Basalla, Todd Sparrow, and Chris Harrell**, and juniors **Greg Williams and Andrew Fairman. Jason Smith, Ernest Williams, Cyril Ekube, Mike Holloway, Aric Croone-Cain and Warren Jenkins** made key contributions. One of the biggest victories was against city rival Vila-Angela St. Joe's. In the St. Joe's gym the Panthers showed poise and intensity defeating the Vikings 62-51. That victory made it three in a row against the city rival. Going into the last two games of the season the Panthers faced two tough opponents in Mentor and St. Ignatius. The L.E.L. title was determined by the loss to Mentor 57-45 and they then lost to St. Ignatius two nights later by a 55-45 score. They ended the season with a 13-7 record and second place in the league. It was a good beginning year for the new coach.

-Adam Lenin

Tony Basalla was the glue that held the team together. He coordinated the offense and the defense and was in charge of bringing the ball down the floor.

BEGINNING A NEW ERA

Right: Athletic Director, Mr. Tom Banc, and School Board member, Mrs. Carol Bechtel, presented a plaque to "Doc" Daugherty at the first game in the newly renamed gym.

The beginning of the new millennium saw a significant change in the basketball program at Euclid High School. Harold "Doc" Daugherty was no longer the boys basketball coach. After forty-four years of coaching the team he finally felt that it was time to turn the reins over to someone else. Coach Daugherty was one of the longest lived and most respected coach in the Cleveland area. During his tenure he had many great players who went on to play in college and in the professional teams. He amassed 597 wins during his time at Euclid and at the first game of the 2001 season the boys gym was named the "Harold Daugherty Gymnasium". Coach Daugherty loved his job and the players that he had a chance to come in contact with throughout his coaching years.

FIGHTING TO THE END

The Euclid girls basketball team had an up and down year where they opened with a win against Solon followed by an upset loss against VASJ where the girls only scored 48 points. Euclid then went on a three game winning streak beating Valley Forge, Mentor and Elyria. The Lady Panthers then fell to Shaker in a 75-41 Raider victory. Euclid then won the next four out of six games leading up to the game for first place in the L.E.L. against Mentor. Unfortunately Euclid fell 50-32. Because of a Shaker win over Mentor, Euclid had a second chance to be Lake Erie League champions. The Lady Panthers ended their season beating Elyria, Cleveland Heights, Shaker and Lakewood for the L.E.L. championship title. They ended their season with a league record of 9-3 and an overall record of 12-8. The girls lost their first round tournament game to Mentor.

The team was successful because of the efforts of seniors **Verea Bibbs, Jennifer Huffman, Keyasha Davis** and **Alexis Bennett** with the help of juniors **Ngozi Anekwe, Tierra Harris, Jennifer Henderson** and freshmen **Leshay Johnson, Heather Palmer, Dionna Arthur** and **Ashley Banks**. The Euclid Lady Panthers prowled through their season as L.E.L. champs under the coaching of Mr. Scott Wilson.

GETTING BOOTED AROUND

Boy's soccer struggles through tough season

The Euclid Boy's soccer team had another rough season finishing with a record of 3-9-4. Even so it was an improvement over last years 2-12-1 record. Much of that improvement had to be credited to the seniors, **Tony Basalla, Dino Zuzic, Dave King** and **Milan Tomsic**. Also, the new coach, **George Federov**, did a remarkable job of getting the team into where they could function as a unit. Coach Wright, also another new coach, helped out by teaching useful foot skills and strategy. The team benefited greatly from **Dino Zuzic's** play making and amazing shot, **Tony Basalla's** leadership and impenetrable defense and Milander's defense. The team worked hard and learned much from their seniors who would now go on to a higher level of play.

The 2000-2001 Girl's Swim Team had an overall exciting season despite their disappointing record. Many new swimmers came out to join the team but unfortunately they lost all the good seniors from the previous year. Seniors, **Rachel Lewand, Ann Peric, Gail Mc Kay** and **Sarah Osterman** starred in the butterfly, breaststroke, backstroke and freestyle and **Laura Osterman** and **Kristi Scheider** did well in the backstroke and the 100 free. This season Coach **Jill Russell** decided to try something new for the team captains in which all of the seniors, **Melissa Breeding, Rachel Lewand, Gail Mc Kay, Sarah Osterman** and **Ann Peric** shared the duties of being team captains. For each meet, the responsibility of being captain was rotated among the five girls. Unfortunately the team failed to win more than one meet.

GETTING THE FANS

Football and basketball cheerleaders

Euclid's football and basketball cheerleaders were the people responsible for bringing spirit to the games. Tryouts were held in the Spring and the girls who made the team practiced after school in order to get ready for the next year. They practiced during the summer to get their routines in good order. When football season began in the Fall they had to be prepared for the action that occurred throughout the season. Not only did they cheer, they made signs that the football players ran through at the beginning of the game. They had to keep cheering during the game to get the fans involved. The basketball cheerleaders performed indoors and were in a smaller environment but still had to make a lot of noise. The girls enjoyed the fun of performing together in front of the crowd.

A New Millennium

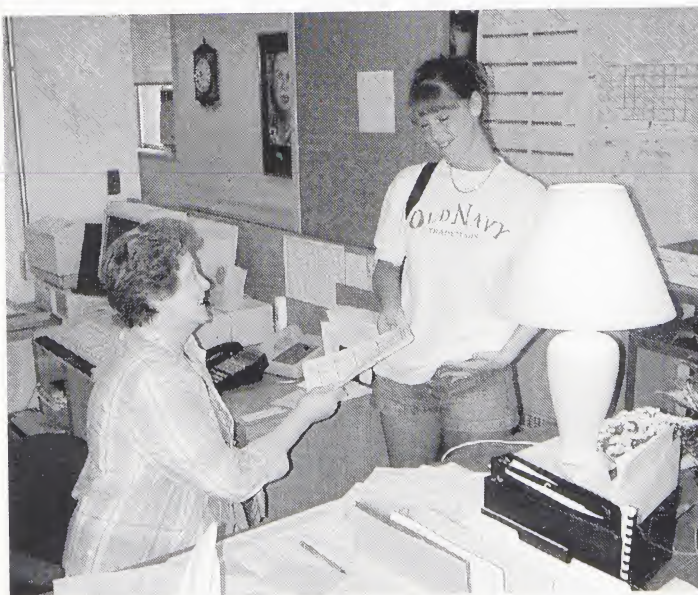

There was no reason why a person could not find something to do during or after school at Euclid High School. If you weren't interested in sports a person could participate in any of the many clubs and organizations that were a part of the school. A student could help out in the offices or help individual teachers. There were also many after school clubs that would be happy to have anyone as a member. There was no excuse to say that there was nothing to do after school.

MAKING MUSIC TO THE BEAT

Jazz Band members make the music swing

The East 222nd Street Jazz Band was composed of a group of students who were able to modify their playing to suit their moods. The jazz group played with a lot of feeling that was developed through long hours of practice. They began practicing after Marching Band season was over and presented their annual winter concert on Monday, December 11 in the auditorium. The group was directed by Ms. **Diane Tizzano** and really enjoyed the chance to express themselves through their music.

SINGING THAT GOSPEL MUSIC

Voices of New Life choir puts emotion into their music

The Voices of New Life gospel choir was a group of students who enjoyed singing the powerful spiritual songs that were composed through the ages. They began practicing early in the Fall and put on their annual Winter concert with the E. 222nd Jazz Band on Monday, December 11. The group enjoyed singing with the much emotion that was necessary to make the songs beautiful. Mr. **Clifford Beasley** was the director for the group.

MAKING MUSIC ON THE FIELD

Under the direction of Ms. **Diane Tizzano** and Bowling Green State University graduate, **Jennifer Leyrer** along with the new Junior Field Commander, **Kari Cunningham**, the 2000-2001 Euclid Panther Marching Band began rehearsing on Thursday, July 20. The band had two Thursday night rehearsals before kicking off two weeks of band camp on August 7. Camp went from 9:00 in the morning until 3:00 in the afternoon, Monday - Friday. It consisted of learning the fundamentals of marching and memorizing the music and drills for their pregame and halftime performances. There were sectionals and extra practice times to help people excel as a section and individually. **Kari Cunningham** did a wonderful job as the only Field Commander, deciding not to have a senior help

her direct the band. The Marching Band concluded two weeks of and camp with a Preview Show for anyone to see on the practice field.

The bands first performance was at the Lake Catholic game and began with a Latin chart called "Mambo" along with "Night on Bald Mountain from Fantasia and the popular Blues Brother's tune "Johnny B. Goode.". As the season progressed the band's sound got louder and the marching got cleaner. About halfway through the season, the marching band began learning the drills for their second show. Show 2 consisted of "American Woman", "25 or 6 to 4", and closed with "Time Warp" from the Rocky Horror Picture Show. It premiered at the Euclid vs. Elyria game. After the end of football season the Marching Band presented their annual indoor

concert on November 2. Along with performing at football games, the marching band performed at various other places and did some fund-raising throughout the community. They attended their annual, biggest fund-raiser as the staff of Fun Company, providing a day of fun and excitement for the families of Nestle Company employees. On September 9 band members went throughout the city soliciting donations which went towards marching band uniforms for the future. They performed at Cedar Point, the Woollybear Festival in Vermilion, and the Midpark Band Spectacular held at Baldwin-Wallace stadium. The band members worked hard to make the Marching Band what it was.

MOVING IN TIME

Flag Corps dances and waves their flags

New for the 2000 edition of the Flag Corps was the Euclid Rifles. They performed along with the Flag Corps during the half times of the football games. The girls in the Flag Corps moved their flags in synchronization with the music while the girls in the Rifles performed maneuvers with their rifles. The Flag Corps and Rifles added some extra motion to the half time ceremonies since they were moving about the field, waving their flags and rifles, and dancing to the music. The extra motion added more action to the performances.

The Euclid Marching Band had only two majorettes for the 2000 football season. **Kendra Smith** and **Jennifer Scott** were the two girls who twirled their batons in front of the spectators. They practiced with the band and the Flag Corps and the Euclid Rifle squad. They had to make the intricate motions that were necessary to keep control of their batons. During the half time ceremonies they were seen smiling in front of the band.

THE BIG GROUPS WILL

The Symphonic Orchestra put on their annual concert before Winter break

The Euclid High School Orchestra was a group that met every day during fifth period and consisted of a violin section, a viola section, a cello section and a bass. A piano played by **Reuel Chapman** accompanied them during practice and at concerts. The full orchestra met a couple of times a week before a major concert and had certain non-string instruments from the band added to the regular orchestra. A typical day in the orchestra consisted of tuning instruments, rosinning bows, playing a few scales to warm up, practicing the concert music and finally putting away all the chairs, music and stands at the end of the period. During the year they went many places to perform such as Richmond Mall, Forest Park School and Cedar Point as well as performing at the school at the annual Winter Concert. They were also involved in many fund-raisers which helped to defray the costs that each member had to pay if they went on the orchestra's trip to Florida in the Spring.

At their Winter Concert in December they played such tunes as *Once Upon a December*, *Joy of Christmas*, *Concerto Grosso in D Major* and *A Christmas Festival*. The students were directed by Mrs. Cathy Vetovitz.

NJROTC supplied the color guard at football games and at assemblies.

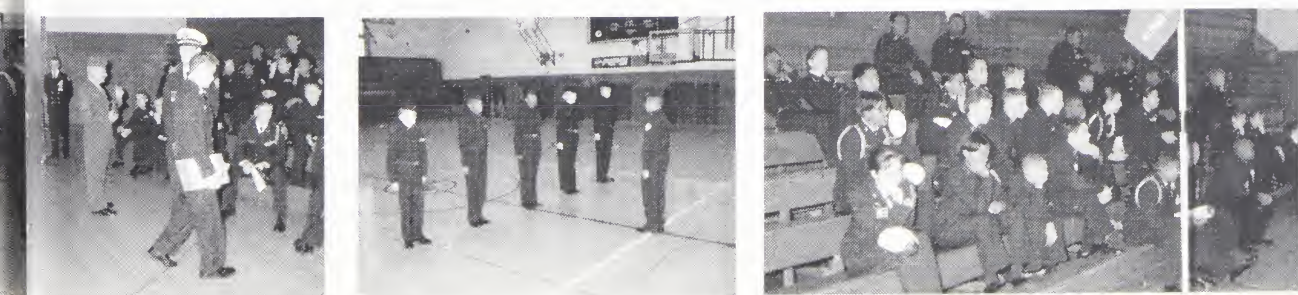

NJROTC, The Naval Junior Reserve Officer Training Corps, was created by Congress in 1964 to teach the youth of our country patriotism and leadership skills. Since 1994 NJROTC has been a familiar and important part of life at Euclid High School. In class cadets learned leadership techniques and basic information about the navy. They learned about life in the military and life in general. Students also participated in many fun activities after school and on weekends such as drill teams, color guards, physical fitness teams and academic teams where they traveled to other schools to compete. They also helped others through many community service projects such as Toys for Tots, MS walk and MDA camp. Cadets were awarded for their accomplishments with rank promotions and ribbons (and a good grade) and could even become a part of the cadet staff, the students who, with the help of Cdr. **William Gray**, the Naval Science Instructor and Sgt. Maj. **Larry Isaacs**, the associate Naval Science Instructor, run the ROTC unit. Every year the best seniors in ROTC were also eligible to receive the ROTC scholarship which was a full college scholarship. The program was a great benefit for those students who enjoyed the discipline the military provided.

A HOME FOR THE HOMELESS

Another *Side of Eden* was Euclid's Fall Play for the 2000-01 school year and was presented on November 16, 17 and 18 in the Little Theater. Written by Craig Soclaro and directed by Mrs. **Tina Peterson**, the play opened with Everett Hunt(**Dan May**) having a phone conversation with the woman he is having an affair with, Sharon Garver(**Michelle Watson**). Everett owns a construction company and was recently convicted of fraud. He is in Havenhaus where he has been assigned to serve a month of community service and thinks that by the end of the time he will run the place. Ginger Pierce(**Jessica Morris**) is in charge of who he considers "whackos": Patty Kirkland(**Katie Sivik**), Rico DeAngelo(**Jason Weber**), Helen Valentino(**Jenni Kapeluch**) and Nathan Kelly(**Anthony Bagwell**). They each have a very personal reason why they're there and consider it their home. So when Mr. Hunt gets Ms. Garver to try to shut the place so he can leave, they become very upset. The representative from the Citizens for Sane Use of Public Funds is the one in specific that deals with the characters. Evelyn Greene(**Austine Clark**) may or may not be moved by the lives of the kids that live in Havenhaus, but whatever the case may be, she insists Havenhaus "is not cost effective", and does manage to close it. As everything is coming to a close, Mr. Hunt realizes that he has developed a friendship with the kids, as well as having helped them deal with their problems and gaining their trust.

WINTER WONDERLAND

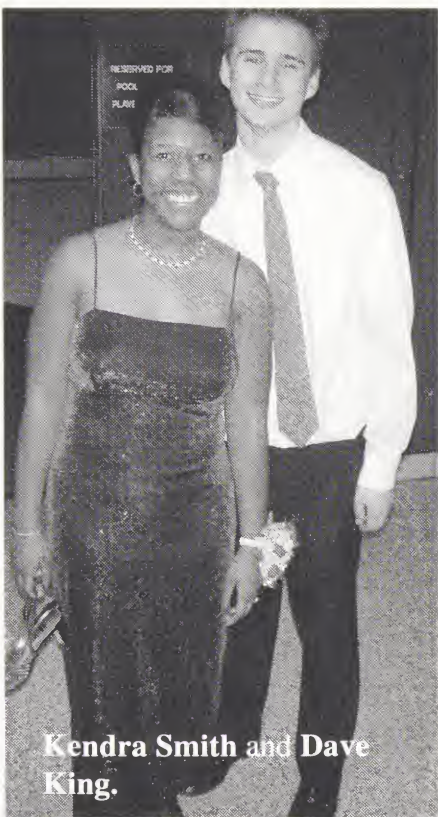

The Winter doldrums were broken up for many on Saturday, February 10. That was when almost 500 students gathered in the E-Room for their annual celebration of Winterfest. This dance, sponsored by Student Council, gave students a good opportunity to get together and have fun in the middle of Winter. The semiformal dance has evolved over the years from being mainly couples to the present where more than one-third of the students attending came by themselves. There were 147 couples and 188 singles at the event. A DJ played music and videos were projected onto a large screen for all to see. The students in attendance voted for whom they wanted for their Queen. **Angela Cipriano, Michaelynn Heaton, Mercedes Ivey, Dessiray Moore and Fallon Pulley** were the candidates for Queen. There were no boys running for King. Just before ten o'clock it was announced that **Fallon Pulley** was the Winterfest Queen. Mediators practicing their skills with each other.

Imagine you were in a situation whose end result may end in your suspension. Or would it? What if you could choose an alternative? Well, believe it or not, there was an alternative. It was called Peer Mediation and it has been in full swing at Euclid High School for several years.

Peer mediation was a way of teaching the students at the school new techniques for resolving conflicts. Through a session the students were shown that there were other ways than violence to deal with their troublesome situations. After a request for a mediation, each student included was contacted and (if the parties agreed upon it) a mediation took place. During that mediation the parties were allowed to tell their stories, share their feelings and thoughts, and even settle their disagreement. If agreements were reached between parties a form was filled out and follow-ups were made to make sure things were running smoothly. Everything that went on during a mediation was confidential. Anything that was discussed or written during the mediation wouldn't leave the room. Mediators participated in honest conversation. The mediation program also sponsored honest conversation speak outs; dialogs between groups of people concerning issues that needed to be addressed. Ms. **Kathleen Mc Donnell** was in charge of the group.

LEARNING ABOUT OTHER CULTURES

AFS gives students a chance to expand their horizons

AFS Club was knitted together by diversity. The purpose of the group was to explore the many cultures around the world. They welcomed foreign exchange students to the school and to the community. They wanted to find out more about all the different groups of people around the world. The members enjoyed picnics, parties and other social events that involved AFS students from other local schools. They had a fund-raiser at the beginning of the year so they could visit another city. They did a short term exchange with another school and had a trip to Washington, D.C. in the Spring. There were two foreign exchange students at the high school this year; one from Thailand and the other from the Chek Republic. Mrs. **Barbara Ramlow** was the adviser for the group.

HELPING the office

The Office Aides help the offices run smoothly

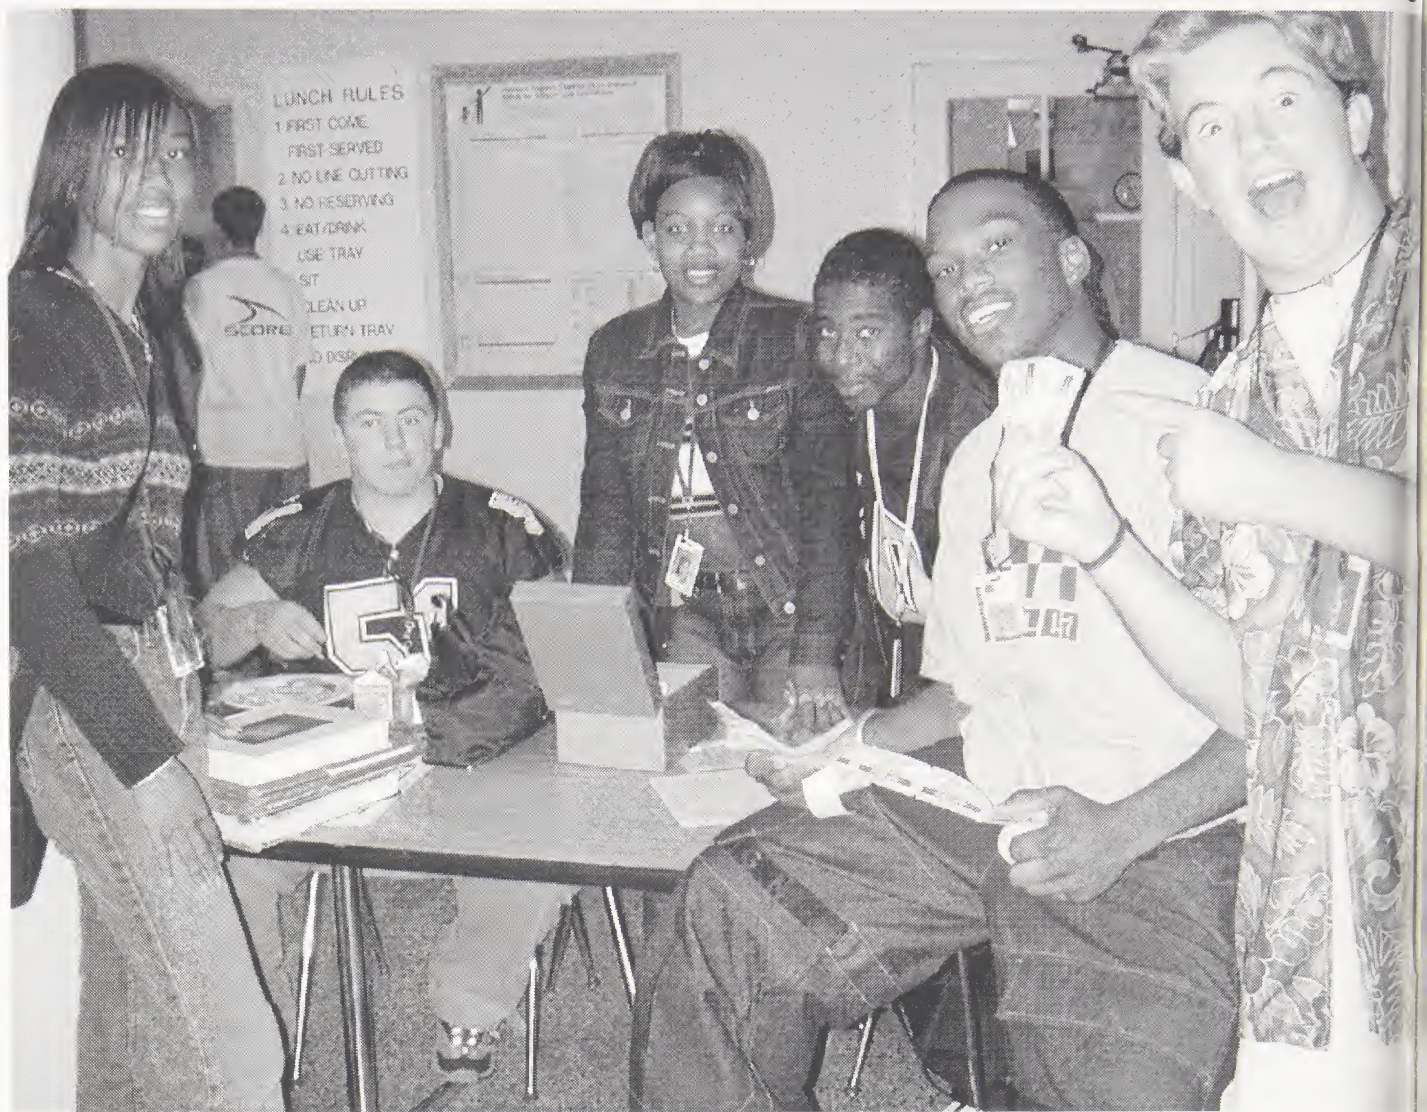

The Office Aides were a necessary part of the Euclid High School scene. They were the students that did much of the busy work that had to be done in order for the offices to run smoothly. They were also the students that were sent throughout the halls in search of students that were requested by the offices for conferences or for disciplinary reasons. Without these students, it would have been much more difficult for the secretaries and the administrators to do their jobs.

The students got a chance to assist the nurses in the clinic by weighing students, measuring heights, getting ice and doing many other activities that were necessary to keep the health of the school in good order.

LEARNING ABOUT CARS

Vocational automotives teaches students how to repair automobiles

Ever have trouble with your car? Everyone has. What do you do? You take it to a repair person to get it fixed. Where does a person go to learn how to repair a car? The Vocational Automotives course at Euclid was one place. Students begin their junior year and then continue as seniors. The course consisted of classwork in which the students learned how the different systems in a car worked and shopwork where the students actually worked on cars to repair their problems. They used equipment similar to that used in garages and dealerships and were prepared for a job when they graduated. Mr. **Tony Rozman** was in charge of the program and tried to get the students prepared for what they would be facing after graduation.

APPRECIATING POETRY

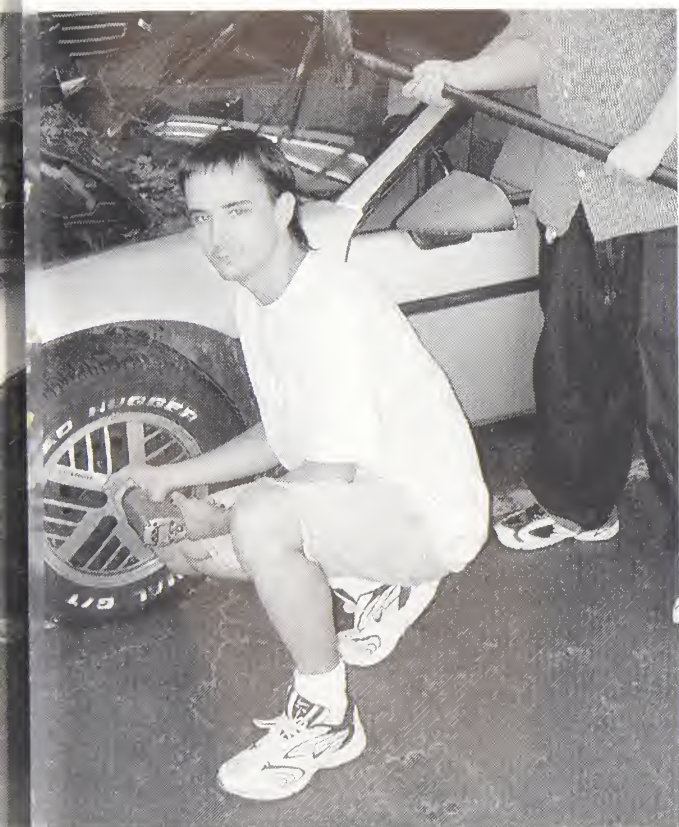

Poetry club helps students get in touch with reading and writing poetry

Do you appreciate good poetry? Do you understand good poetry? The members of the Poetry Club did. Ms. **Barbara Spiga** was the adviser for a group of students who met after school and discussed poetry. Marketing Education students learn about how to sell products in an efficient way

Distributive Education Clubs of America (DECA) was an association of Marketing students that coincided with Euclid's Marketing Education class. Ms. **Lisa Simon** was the adviser for the club. In DECA, students took place in a competitive series of events that dealt with advertising, management and marketing. Students competed on the district level and sometimes on the state and national levels. They conducted fund-raising efforts to help pay for the trips to competitions. In their junior year, marketing students studied business finance, marketing research and other business related activities. Seniors spent part of their day in school learning about job interviewing, sales and advertising, while the rest of the day was spent at a job. BUSINESS OR ART

C.B.E. prepares students for the business world

The idea of Cooperative Business Education was to expose the students to what they would be seeing when they got into the business world. They attended classes for two periods in the morning and then would go out on a job to get experience in business. In class they learned how to use computers, how to file and how to use other office machines. They received two credits for the class and two credits for the work experience. They were evaluated by both their employer and Mrs. **Ellen Klein** who was the supervisor for the program.

SERVICE TO THE COMMUNITY

Key Club gives help to those less fortunate

Key Club (Kiwanis Educated Youth) was a service organization that was composed of Euclid students that had support from the local Euclid Kiwanis. Activities and projects carried out by the members of Key Club included: volunteering at the Haunted Hayride at Lake Farm Parks, where those who attended dressed up in costume and frightened spectators; visiting Gateway Nursing Home on Thanksgiving to sing Christmas carols and make small talk that brightened up the lives of the residents; volunteering at The Children's Museum in Cleveland, assisting in the craft center and other activity areas, and collecting food, toys and eye glasses for the needy. Many other projects took place throughout the school year and into the summer. Members of the Key Club were committed and loved to help their community and neighbors by improving anything that would make other lives, as well as their own, more enriched.

SWIMMING TOGETHER

Wai Napolo enters second season since rebirth

Wai Napolo: Erin Gross, Lisa Hanson, Liz Scheurman, Meg Harasym, Abby Blazetic, Kelly Hanson, Elyse Miln.

Wai Napolo, Euclid High School's synchronized swim club had to overcome many obstacles in the past few years to keep one of EHS's oldest traditions alive. Levy failure and adviser problems kept the girls out of the water in 1998 and 1999. Determined not to let the club slip into the past, 9 girls, led by advisers Mrs. **Katie Morris** and Mr. **John Gibbons**, worked hard all Winter and Spring to bring back the annual swim show. The show was a complete success and a revival of a tradition that many felt had ended.

This year the girls were hard at work preparing for the next show. Although the club lost 3 wonderful seniors through graduation, the new freshmen stepped up to the challenge of another show and ensure that the tradition would continue for another year. Under the direction of Mrs. **Katie Morris** and Mr. **John Gibbons** the future shows should be successful.

FUN IN THE SNOW

Skiers and snowboarders combined to enjoy the winter conditions

Members had a lot of fun on the bus ride to the slopes.

How many of you remember having a white Thanksgiving? Well, Thanksgiving 2000 had lots of snow on the ground and Winter vacation was also snow covered. In fact it never got above freezing during the entire Winter vacation. This meant it was great for skiing and snowboarding and the Euclid Ski and Snowboard Club took advantage of it. For the first time in remembered history (that means since adviser, Mr. **Bill Von Benken**, began skiing with the club thirty two years ago) the group went skiing before the beginning of the new year. Sixty five Euclid students, the largest group in many years, had fun slipping and sliding down the snow at Brandywine Ski Resort on Thursday evenings. They were also able to take a day trip to Holiday Valley Ski Resort in New York on Friday, February 16 since the Euclid schools were on vacation and most other schools were not. It was one of the best seasons that the ski club ever had. The members of the club were: **Jayson Alkema, Matt Behm, Brandon Biehl, Stephanie Black, Elise Braunschweig, Jason Brys, Kellie Brys, Tony Buehner, Dominic Capicconi, Tim Carpenter, Scott Cerne, Charles Chapman, Michael Collins, Michelle Connavino, Corey Connell, Sarah Cook, Lindsay Cozart, George Fisher, Matt Fisher, Amber Fumich, Kevin Gorman, John Gorse, Kelly Grabianowski, Kelly Hanson, Lisa Hanson, Dave Harrold, Zoe Harrold, Jason Hayes, Ashley Hrovat, Mike Hughes, Tom Karpy, Katie Ketchum, Katy Koran, Tom Kotula, Jackie Kozlowski, Betsy Kunsman, Dan Langham, Cory Mc Redmond, Elizabeth Miller, Ben Milroy, Brad Nagle, Josh Nagle, Brandon Novince, Vince Oddo, Kristen Pavicic, Rachel Potocnik, Tara Potulski, Trevor Potulski, Ross Salupo, Matthew Scalese, Jennifer Shea, Luke Shy, Craig Simmons, Jonathan Smith, Erika Stahre, Greg Stahre, Christina Sugar, Stacy Ulle, Jared Vargo, Jack Vernier, Stan Vernier, Rebecca Waina, Ruth Woldering, Dino Zuzic and Joe Zuzic.**

ACADEMICALLY ACHIEVING

National Honor Society brings together high performing students

The National honor society was comprised of the best and the brightest upperclassmen that Euclid High School had to offer. The students in NHS achieved greatness in the field of academics. They could often be found roaming the community helping their fellow students and adults. Such activities included soup kitchens and blood drives. The requirements for NHS included at least a 3.3 grade point average and 40-60 hours of service to the community. A motto for the group was: Striving for Excellence. Ms. **Diane Maroli** was the adviser for the group. Induction for new members was held on January 11 in the auditorium.

Last year **Shruti Malik**, the current student Council President, realized there was a need for unity within the school. In order to achieve this she formed the Student Advisory Committee, which consisted of two members from Student Council, Key Club, AFS, NJROTC and NHS who were appointed to these positions. The group did volunteer work and raised money for charity while also raising morale within the school with the "Battle of the Sexes" in December and the "Battle of the Classes" in March where all the proceeds were donated to charity. The members consisted of **Shruti Malik, Vicki Bowser, Rich Rohl, Jacqui Greene, Kendra Smith, Kelly Hanson, Kelly Ruscin, Matt Tschantz** and **Amani Brown**.

PRAYING FOR GOOD THINGS

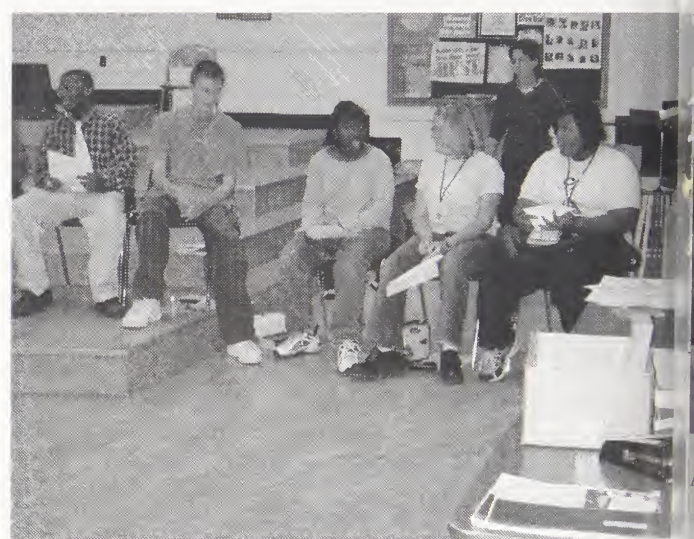

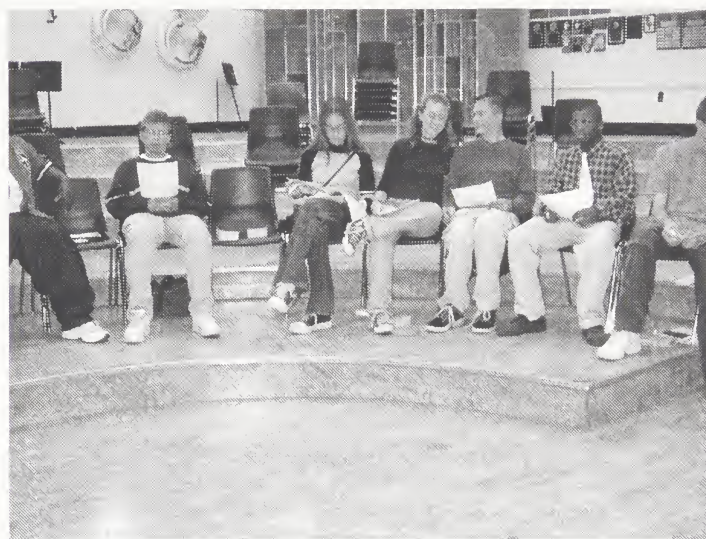

The CRUX brings Christian fellowship together with academic learning

The CRUX was a group of students who believed in Christian values and enjoyed worshipping together after school. They met in the auditorium or in the Band room and would listen to music, read from the Bible or listen to people talk about Christianity. They sponsored a "Meet at the Flag Pole" day on September 20 before school when everyone was encouraged to meet and worship together in front of the school. Ms. Diane Tizzano was the adviser for the group.

On the morning of September 20, many students gathered around the flag pole in front of the building and prayed along with **Christine Pittard**.

Ms. Diane Tizzano was the adviser for the group and enjoyed having fellowship with the students.

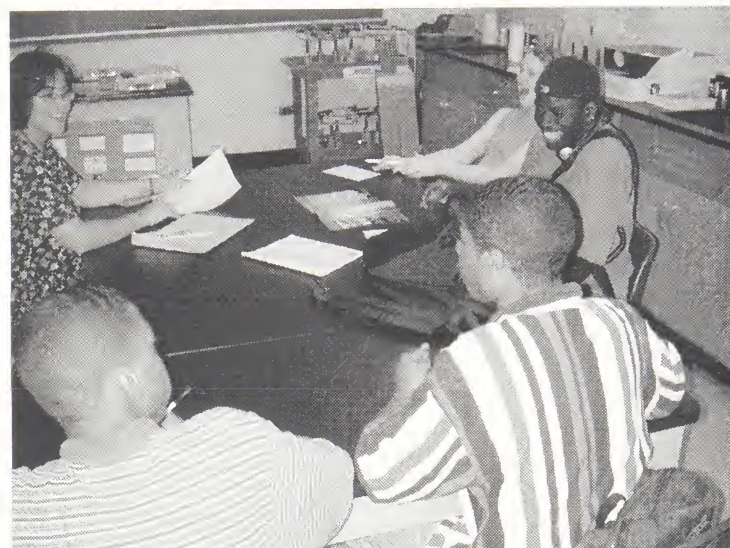

The students met in the band room and listened to each other or to music or to speakers that came.

KEEPING THE PLANET GREEN

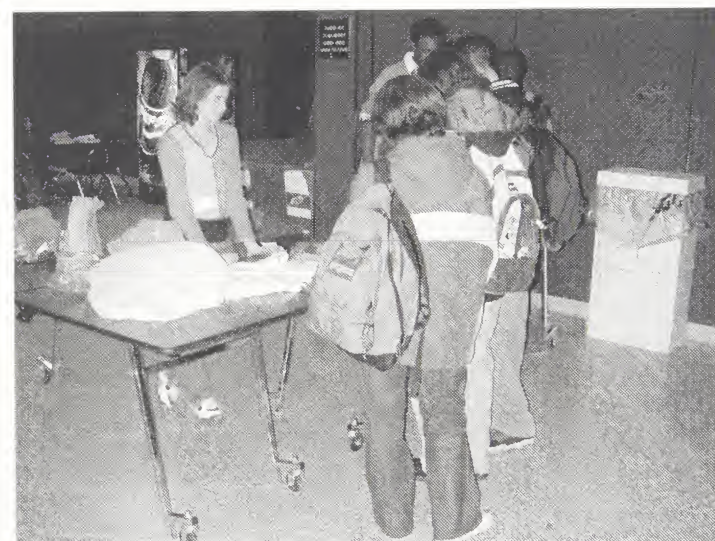

S.A.V.E. want everyone to live in harmony with our planet

S.A.V.E. was a group of students that were interested in keeping the Earth in an habitable condition. They looked at ways in which people could conserve the natural resources of the earth. They went different places where they learned about conservation. They collected aluminum cans so they could be recycled. Ms. **Keldur Greene** was the adviser for the group.

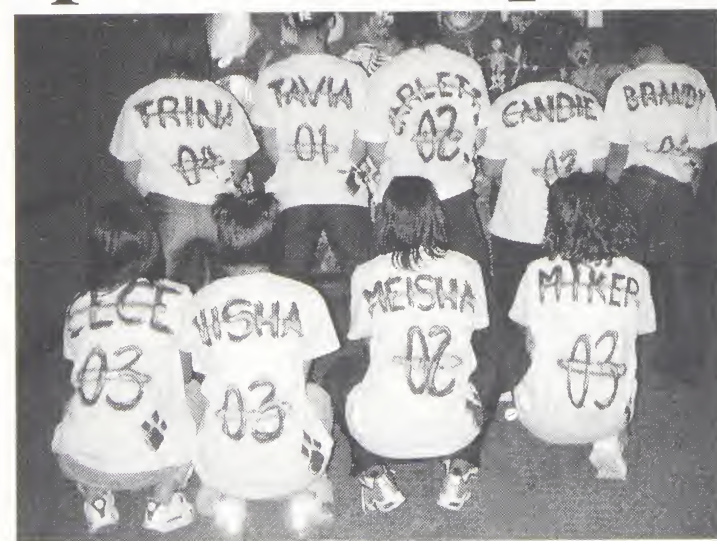

Jon Gardner, Bernard Needom, Arlanea Bell and Darryl George help Ms. Keldur Greene with their work for S.A.V.E.

S.A.V.E. members had a bake sale to raise money for their projects.

MARCHING AND STEPPING TO THE BEAT

The Drill Team steps out and performs to the music

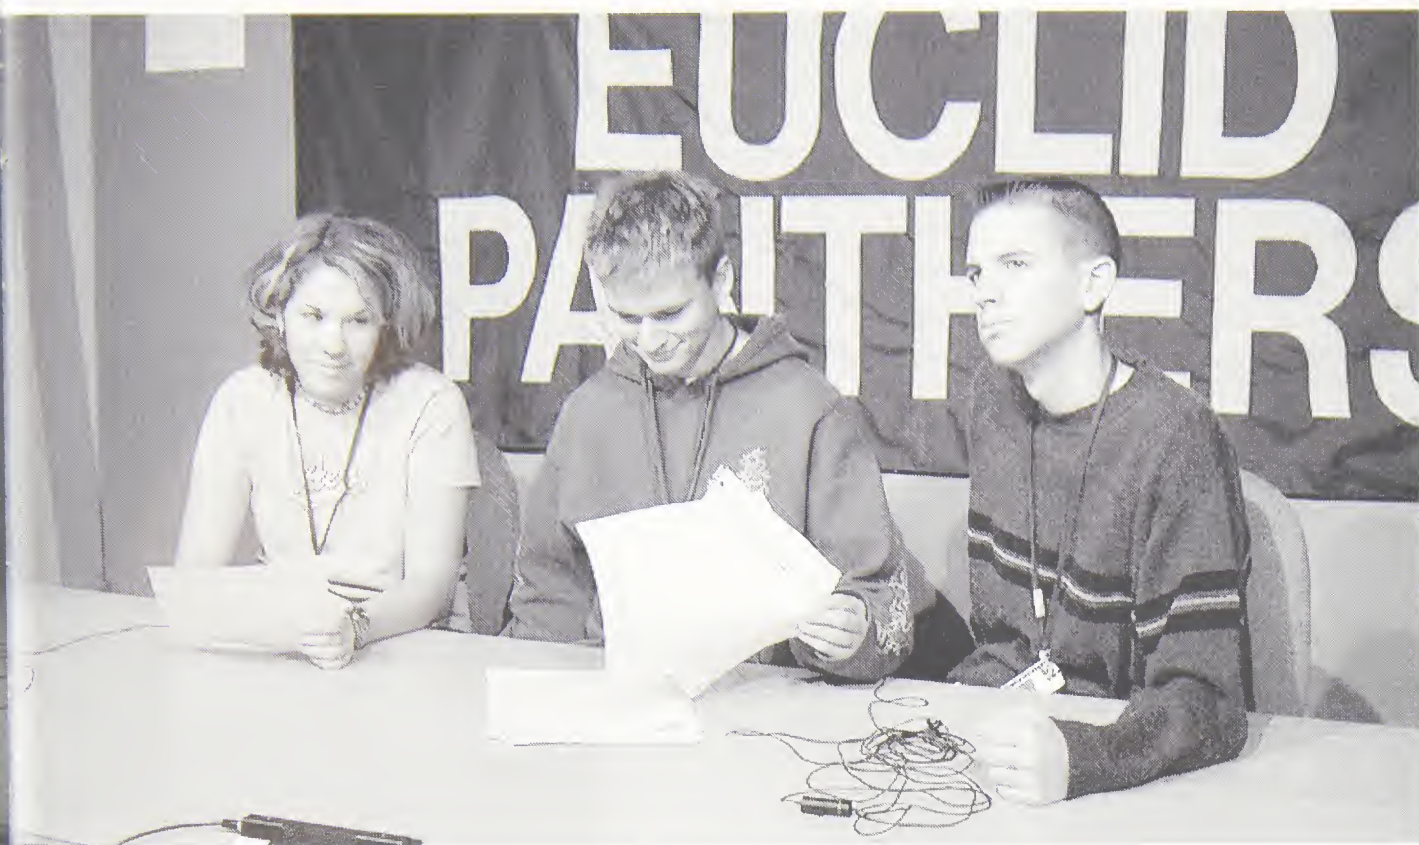

The Drill Team was a group of girls who enjoyed marching and performing together. They practiced throughout the Fall and then performed during half time at a basketball game.

Cierra Gillard, Katrina Lampkin, Octavia Gabriel, Tameisha Moore, Carlette Dean, Candace Carr, Anisha Boswell, Tamika Nunley and Brandy Wyatt were some of the Drill team members who came to the Halloween dance.

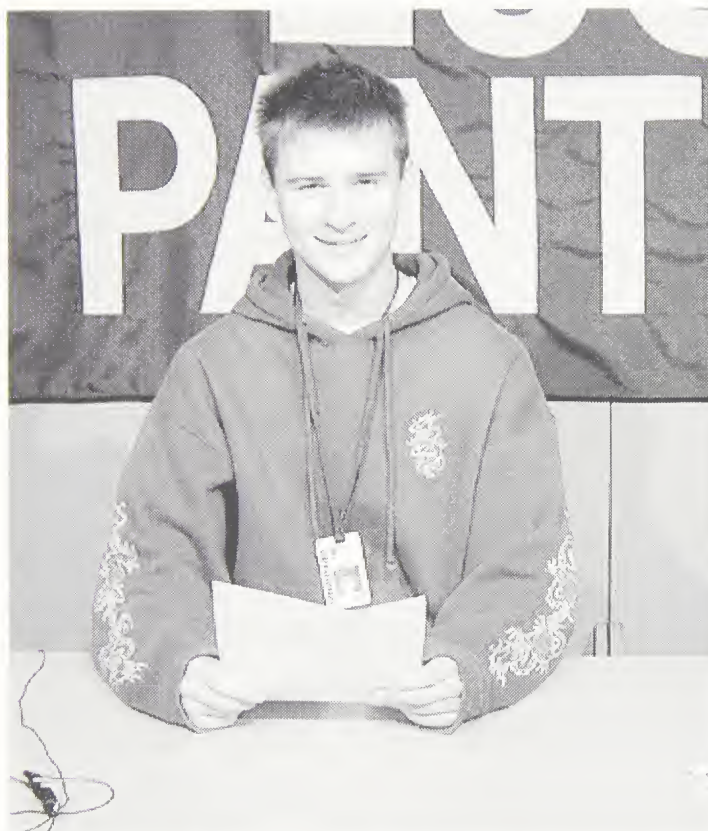

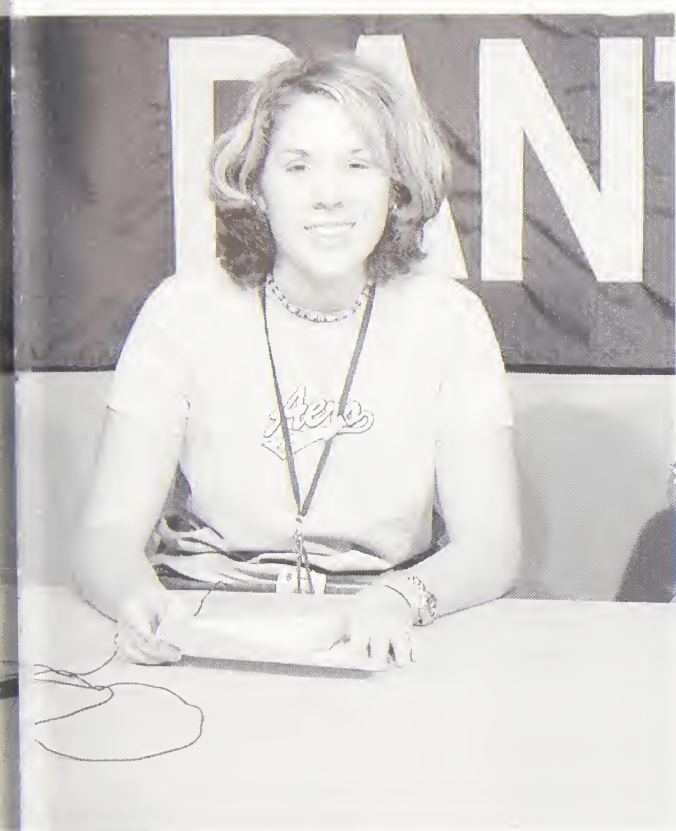

GETTING THE NEWS TO THE SCHOOL

P.A. Announcers deliver the news to the school

The Morning Announcers were the students who presented all the news to the school at the beginning of the day. They would read the stories while the A.V. Technicians would make sure that the information was distributed throughout the school. It was great training for anyone who was interested in communications. Every day there was always a multitude of announcements that had to be read to the student body. Mr. **Allen Black** was in charge of the Morning announcers.

Elizabeth Scheurman, Dave King and Jarod Miller were the announcers for Euclid High School as it entered the new millennium.

GETTING THE TECHNOLOGY TO WORK

A.V. Technicians work behind the scenes to put the productions together

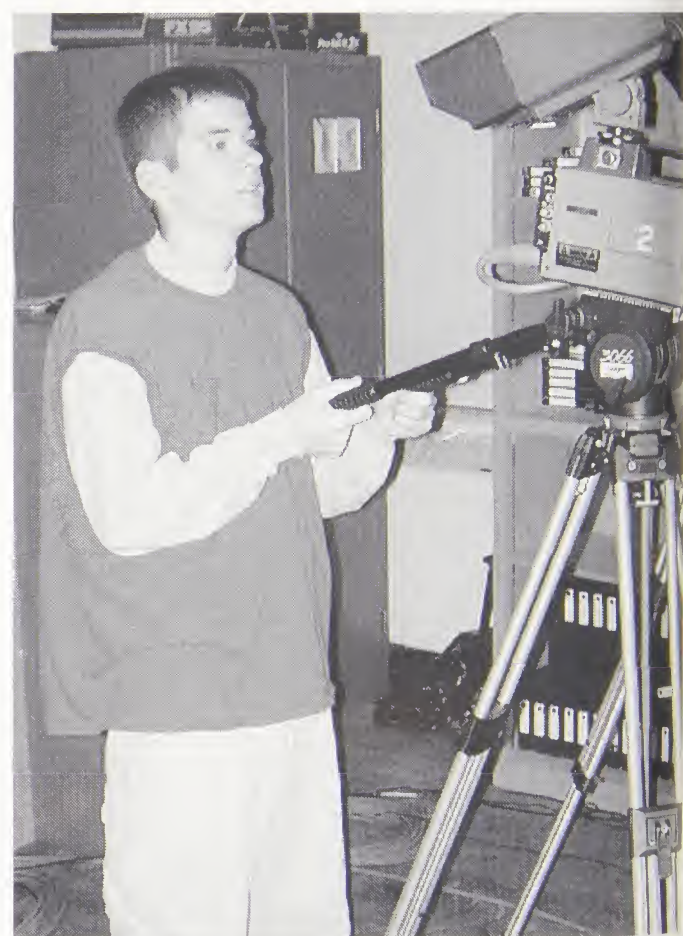

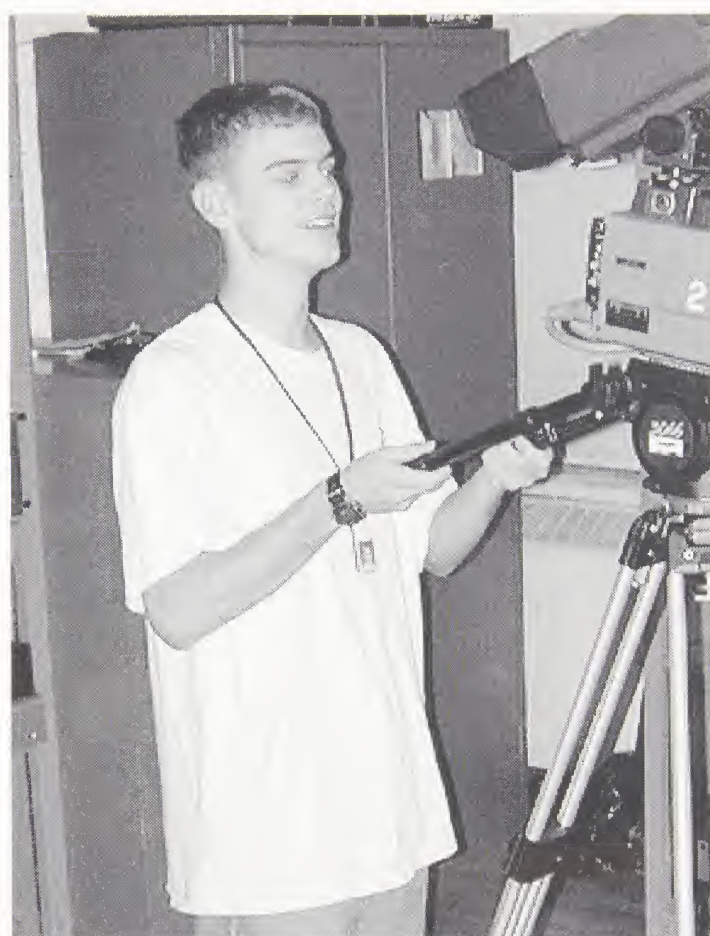

The A.V. Technicians were a group of students that controlled the technology that went on at Euclid High School. They were the ones who controlled all the lights and sounds at every show or assembly. They were the ones who video taped all the programs so they could be aired in the different classrooms. They were the ones who did all the work behind the morning announcements that came to every homeroom every day. They had to constantly upgrade their skills as new technology became available. Mr. **Allen Black** was the adviser for the group.

SPENDING MONEY

Many students have jobs to support their spending habits

Need some cash? Get a job. That's the course that many Euclid students took. The economy was booming and jobs were easy to find. Many stores and businesses had signs in front of them asking for workers. It was a time when almost anyone who wanted a job could find one. In the senior poll, 85% of the students responded that they had a job. But this was not just a senior event. Many underclassmen also had jobs. Students were spending anywhere from 5 to 40 hours per week working outside of school. The advantages of having a job were that the students got a better idea of how to manage money and they had a source of money. The disadvantage was that they spent much of their time either going to school or working that they had little time for extracurricular activities at school and enjoyment at home.

HOME AWAY FROM HOME

A student's locker is a gathering place for much memorabilia

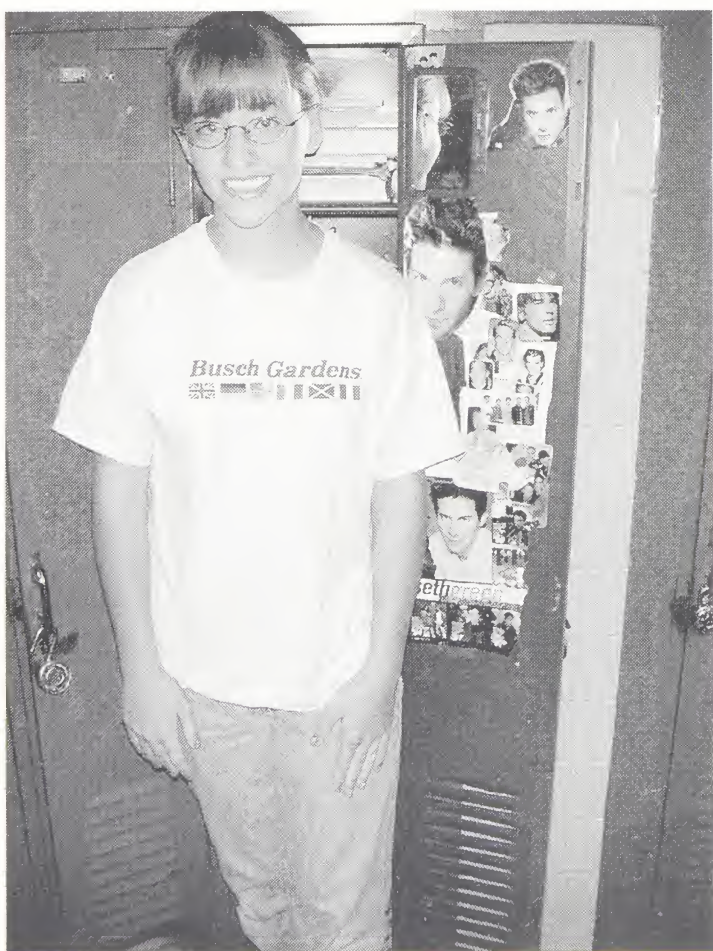

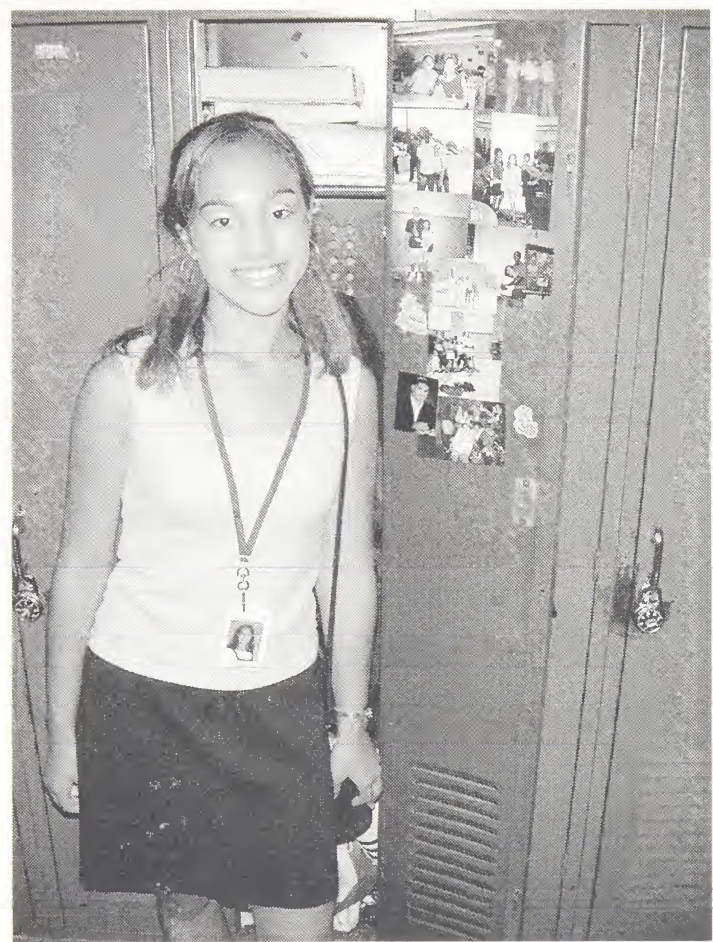

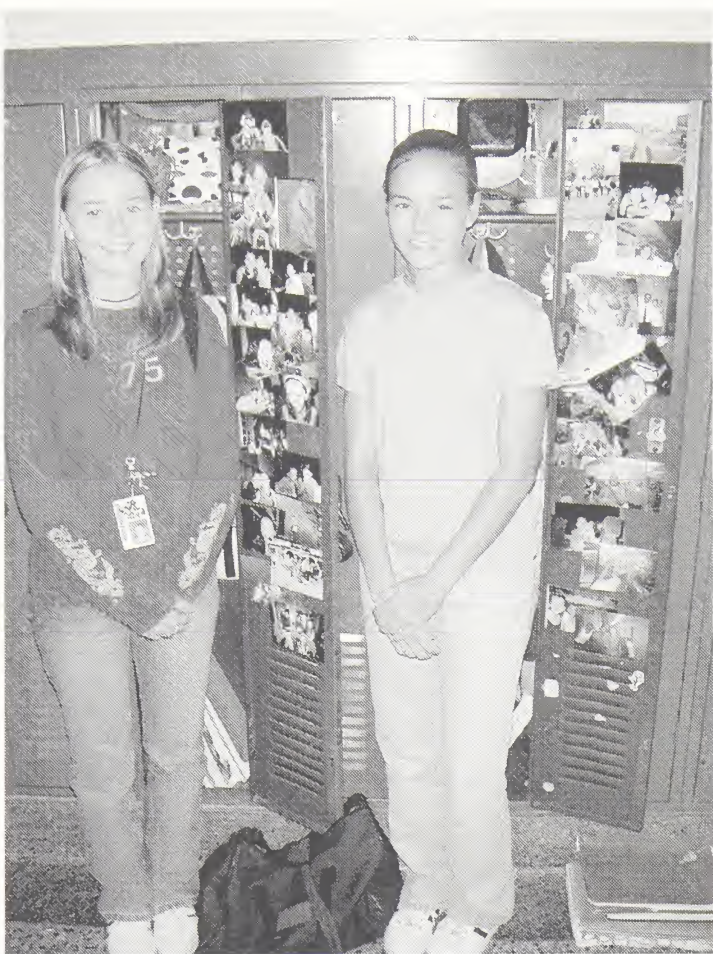

What did you keep in your locker? Some students don't keep very much at all in their lockers while others seemed to have just about everything imaginable. Some students looked at a locker as a place to store books in between classes. Others saw a locker as a living area where they spent much time and, therefore, decorated their locker to express their feelings to the rest of the student body. Some students pasted a couple of pictures inside their door and that was it. Others placed a whole cornucopia of pictures, cut outs, dolls or models throughout their locker. The end result was limited only by the imagination of the owner.

AND ACADEMICS

It's Academic allows students to compete against other schools in a game

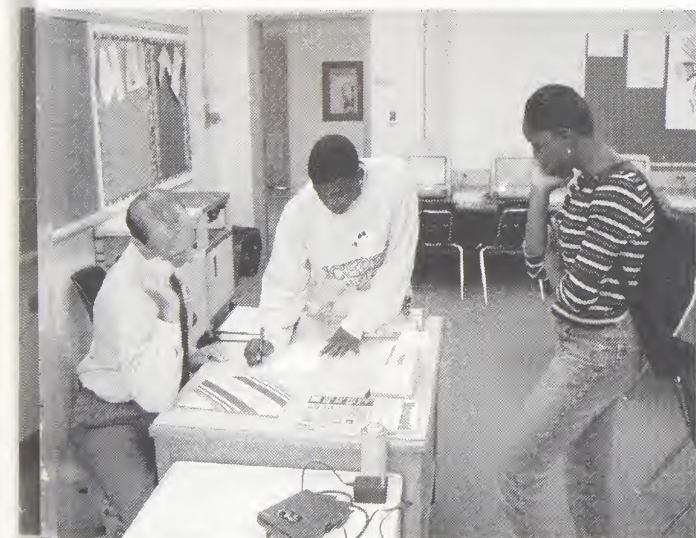

It's Academic was a group of students who were interested in competing against other students in an academic contest. The idea was to be able to answer questions as quickly as possible and thereby acquiring points in a contest with other schools. Every couple of years the team got a chance to compete on television with other schools. Ms. **Lucy Pratt** was the adviser for the group.

Students who were interested in being on the It's Academic team signed up at the beginning of the year. They learned what they would be doing throughout the year and how to prepare for the competitions.

Video yearbook puts the school year in a form that can be watched on television

The video yearbook was a video tape history of the 2000-2001 school year. Video tape was taken of events that occurred throughout the school year and put together along with many still images into a collection of moments that would help the students remember the school year. Mr. **Roy Pignatiello** was the adviser for the group.

A New Millennium

Academics were an important part of Euclid High School. The teachers and staff were an important part of the educational process that students go through to become responsible, mature citizens. Euclid has always had a dedicated staff that gets great pleasure out of helping students. With the beginning of the new millennium the Euclid staff got younger as many older teachers retired and were replaced with newer teachers. These new teachers came in with new ideas that would keep Euclid students achieving into the new millennium.

Ms. **Diane Tizzano** is very involved with her students in the music department. She devotes much time before and after school getting the students in the Marching Band prepared for their performances.

Mrs. **Lisa Platko** works hard with her students so that they understand everything that is necessary for their success in biology.

Because of that there were many new faces to be seen throughout the school. Many of these new staff were new graduates who were entering the teaching profession for their first job. They brought a lot of new enthusiasm into the classroom in many cases. There also was a lot of shuffling of staff between the middle schools and the high school. It was the beginning of the new millennium for the mature and new staff.

A New Millennium

Everyone wants to leave high school and get out into the real world. If you were a senior you didn't have a long wait. If you were an underclassman, however, your wait could be as much as four years. Most of the students at Euclid were underclassmen. The freshmen were just trying to get used to the school and its size. The sophomores knew the school fairly well and were working on forming relationships with other students. The juniors knew the school and what it took to get through their classes and were getting close to that time when they would be considered the top class.

FRESHMEN

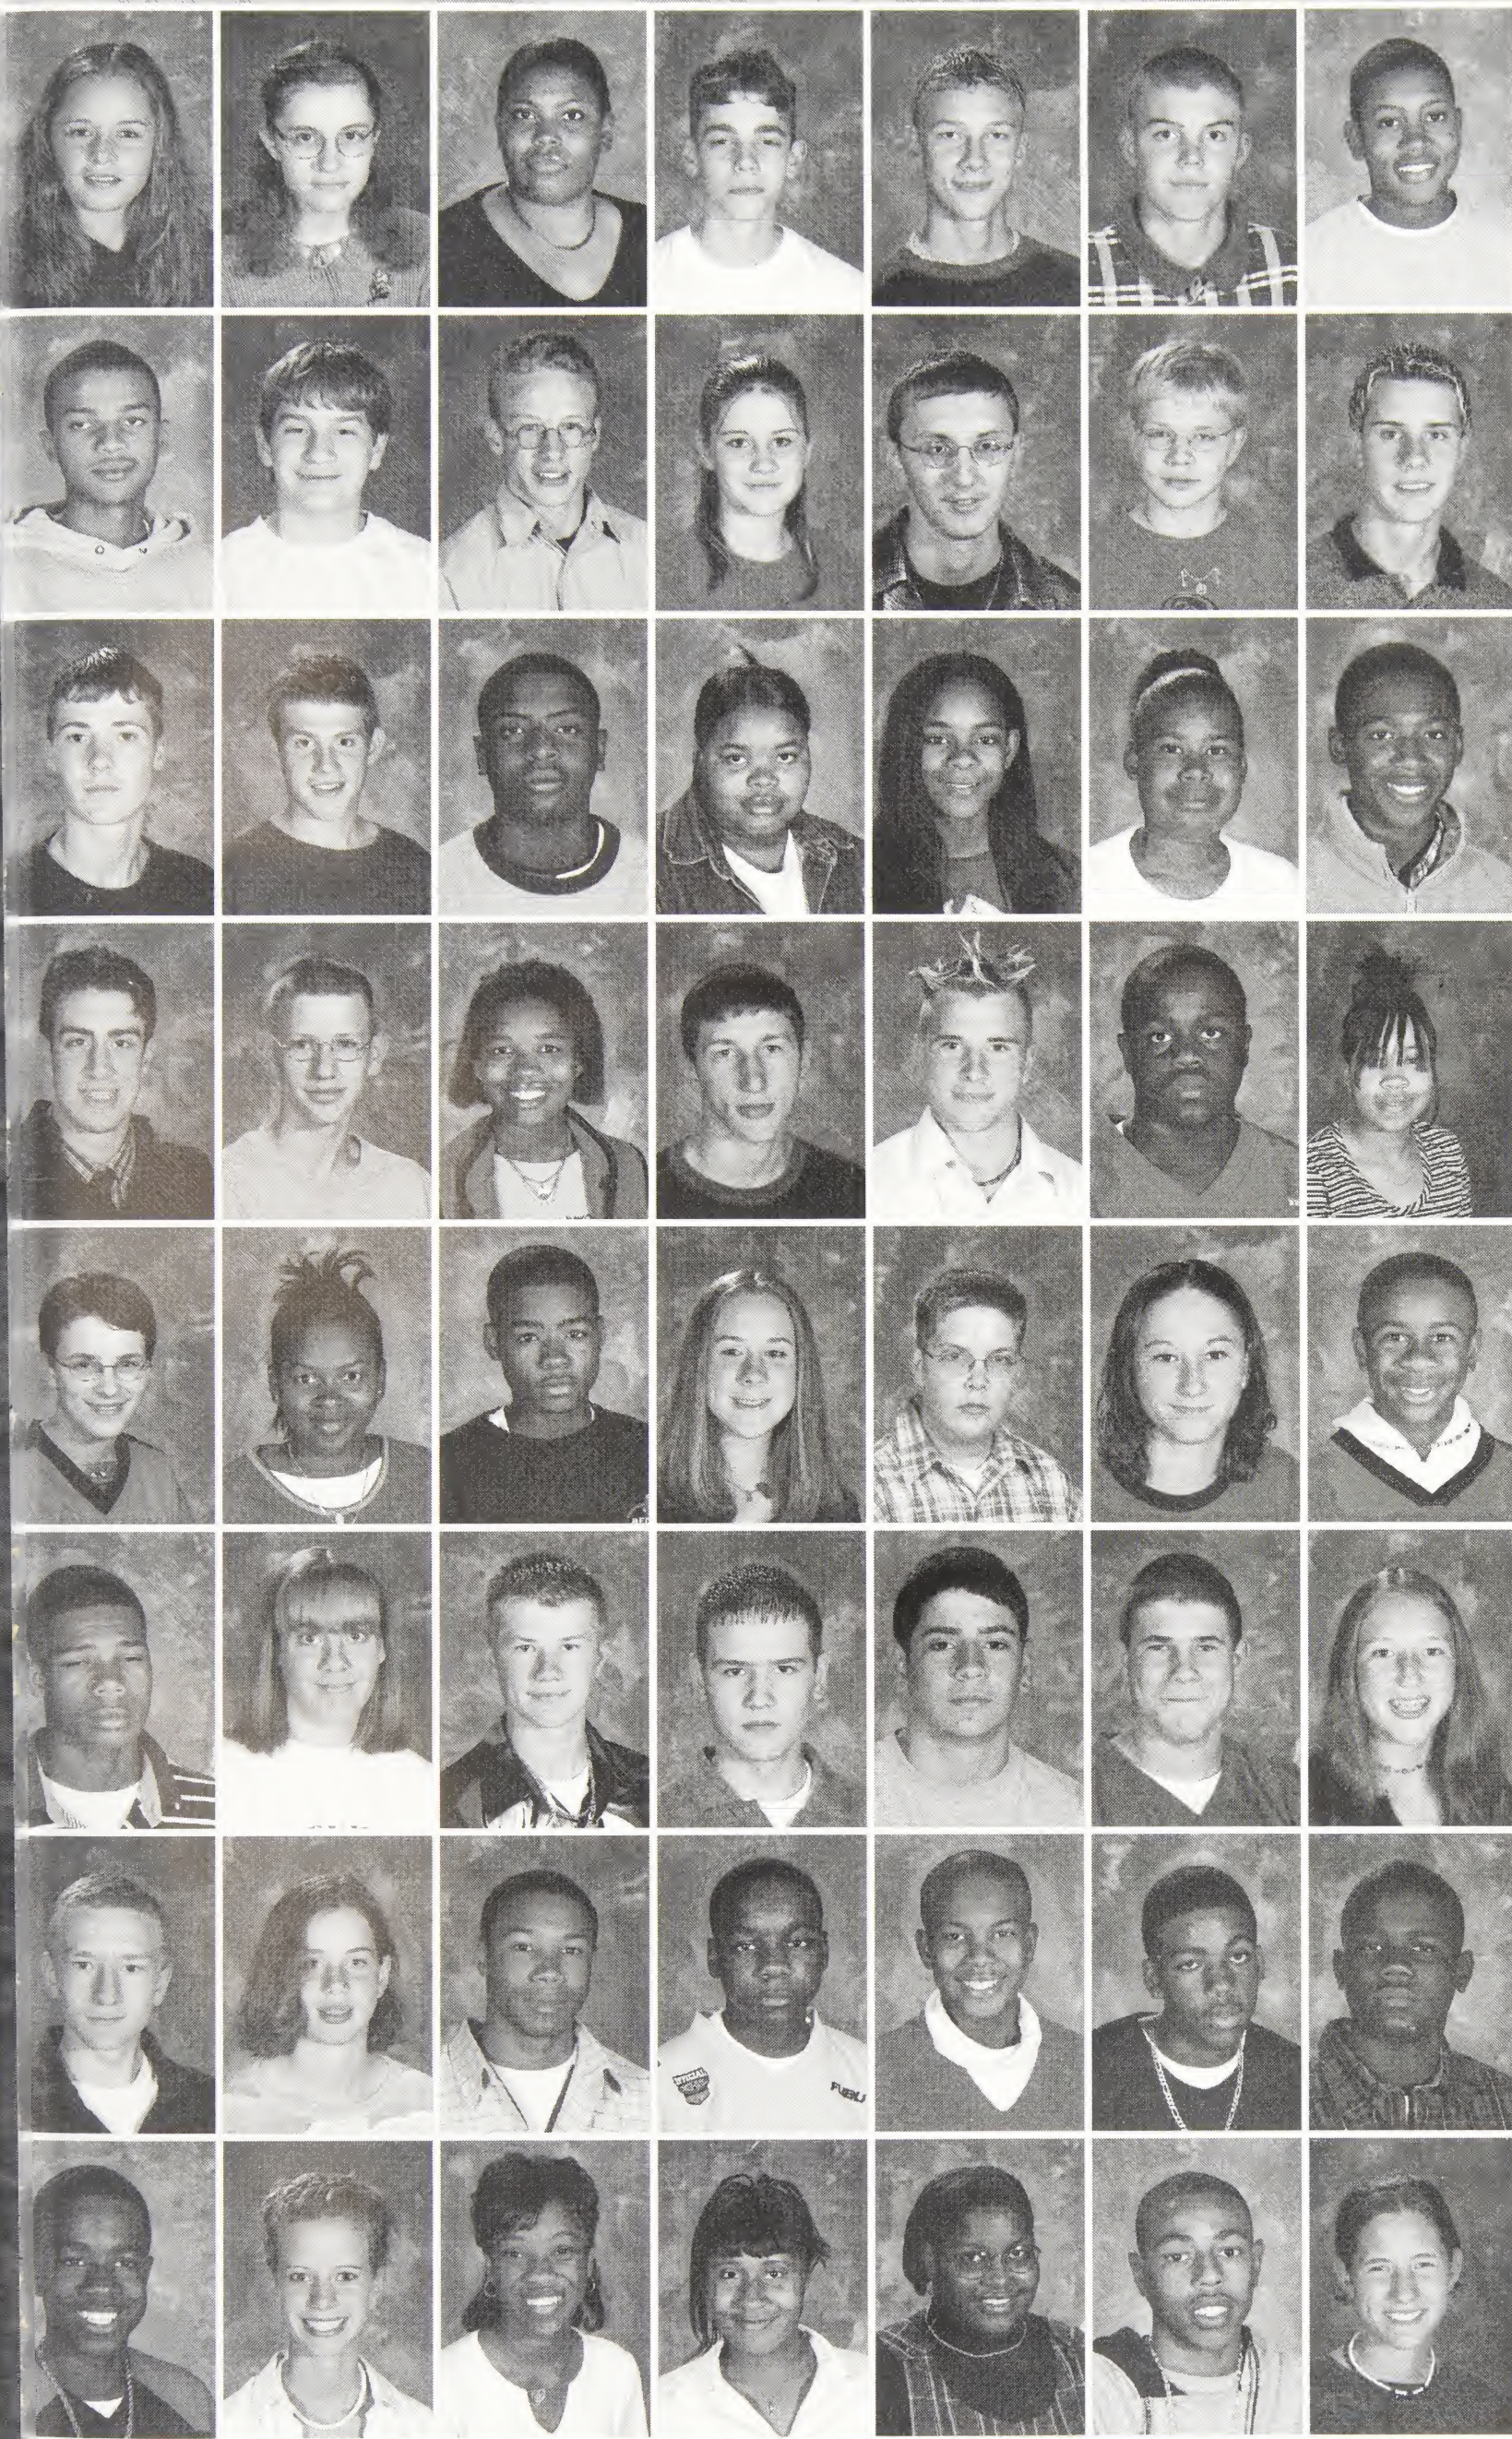

Freshmen played an important role in the make up of The Euclid High School. They worked so hard to be the top class in their middle schools only to have to start all over again in high school. They entered their new environment a day before the upperclassmen so they could become somewhat familiar with the new surroundings. The common thread among all the entering freshmen about Euclid High School was the size of the building. The sheer size was overwhelming to many of them. For the first few days, they had to worry about finding their classes and getting to them on time, but they quickly adjusted and soon adapted to the atmosphere of the hallways and were able to map out the shortest routes to their classes or at least the routes that enable them to see the most of their friends on the way to their classes.

Josh Sheldon makes some good gains for the football team.

The Freshmen football team learned the basics of the game with the hopes of moving up to the varsity in the years to come.

Left: **Archie Smith** gets a good gain for the freshmen.

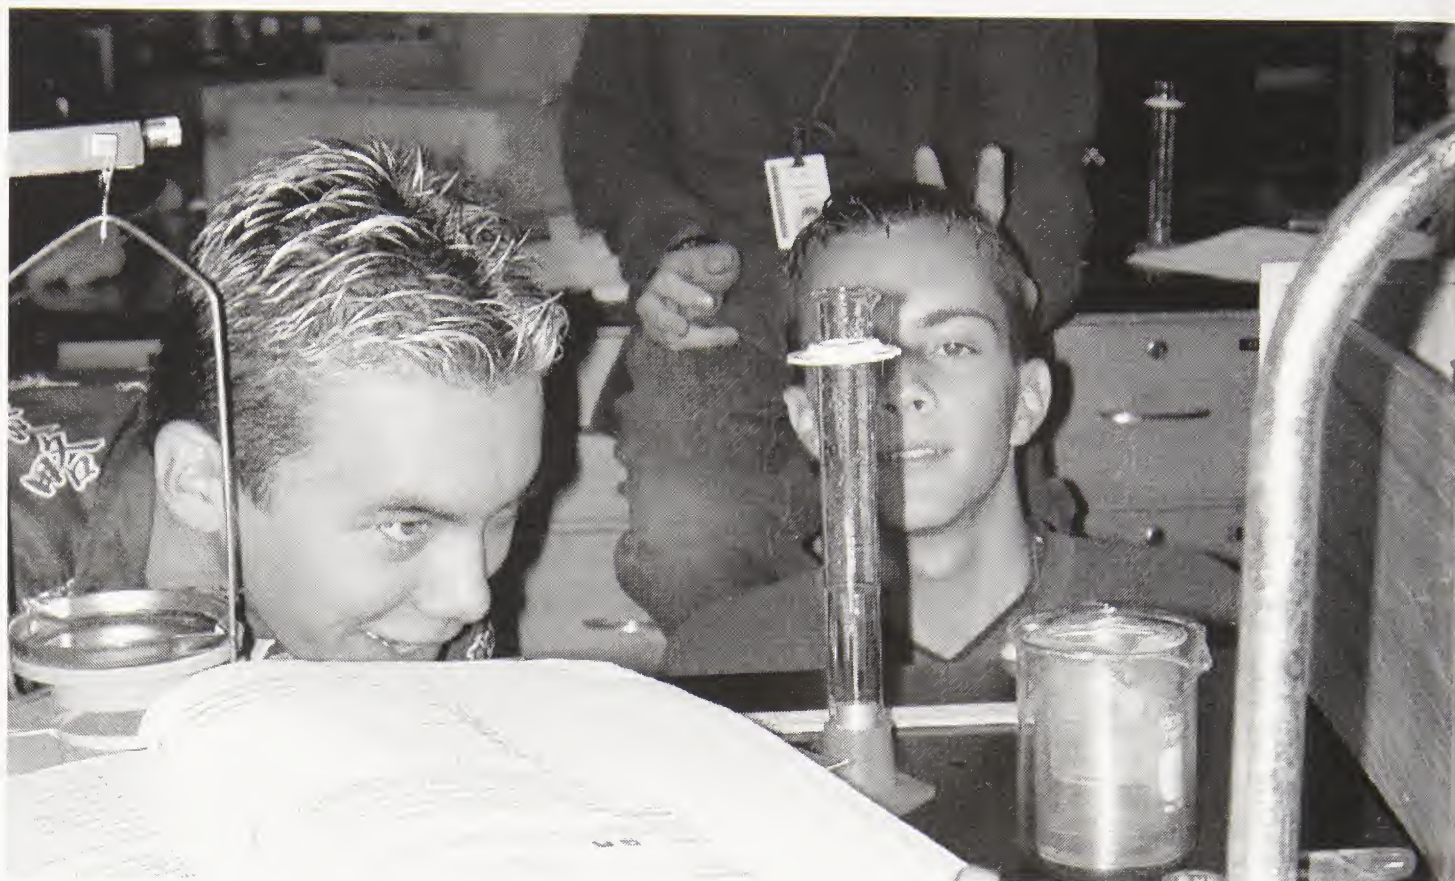

Above Left and Right: **Shivon Jackson** and **Amanda Raymond** learning about the game of volleyball.

class of 2004

SOPHOMORES

Sophomores were an very interesting group of students. They were no longer new to the building. They had adapted to life at The Euclid High School. They had a good understanding of how the school operated and they knew their way around the building. It was now time to get out and begin participating in the many activities that were available at the school since they were now much more mature and had a better vision of their futures. Their classes have become more challenging which meant more work, yet they still had the time to enjoy all of the events that were taking place around them. Many had enjoyable personalities which made them a pleasure to be with.

-Adria Mc Gill

Jason Hayes and Ross Salupo show the intensity that many members of the sophomore class exhibit as they go through their daily lives.

Katy Koran gets ready to go for the ball during a JV Volleyball game.

What's it like being a sophomore? It's basically like any other year but with a few more benefits. **Siobhan Guilamo** feels you get less homework since you're not a freshman trying to crowd in 400 classes all at once. **Michelle Watson** thinks being a sophomore sucks except for the fact that next year you'll be a junior. I think being a sophomore means you're not a freshman anymore and that's great. When you're a freshman you're the new kid in school with four long years ahead of you. It's also cool that most people are getting their temps and their licenses this year. **Jesse Lee** thinks it's no different being a sophomore than being in any other grade.

-Sophia Catlett

Sophomores know their way around the school and realize that the classroom is an important place to get information that will be useful for them throughout their lives.

The athletic field is an excellent place for students to learn about teamwork and appreciating other people's abilities.

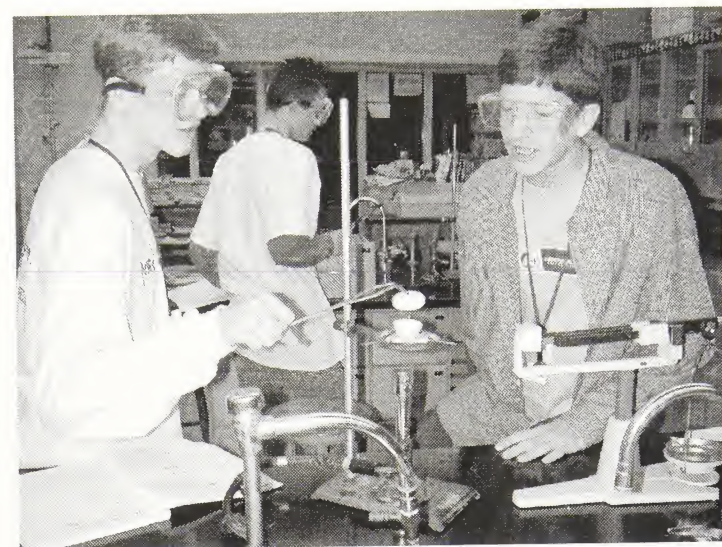

sophomores were an important part of the athletic teams at the high school.

Danquan Williams and Adam Lenin found out that when you are heating glass it is important to keep the ends from touching each other or else they will stick together.

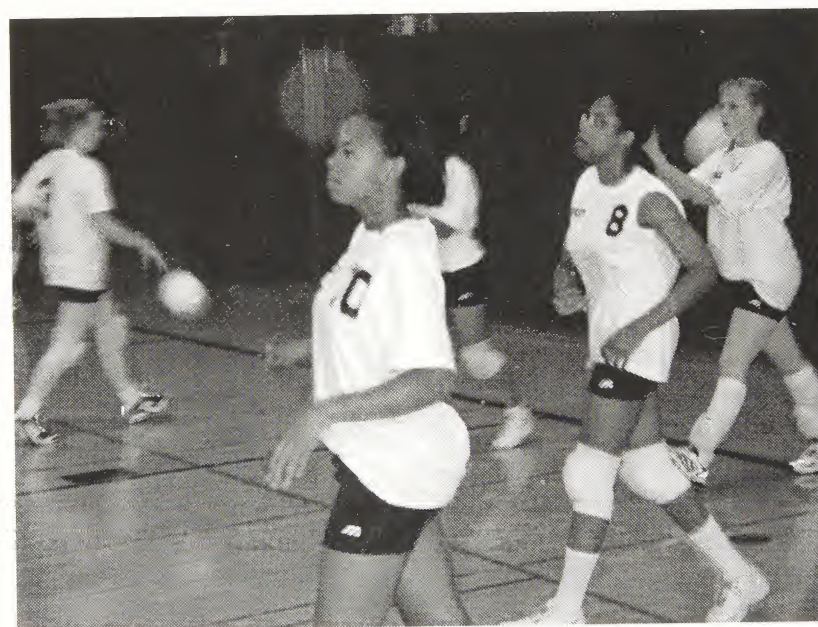

he cheerleaders did much to help the athletic teams enter the new millennium.

Larry Taylor and Steve Rohl learn about chemical reactions as they heat magnesium in a crucible to form it's oxide.

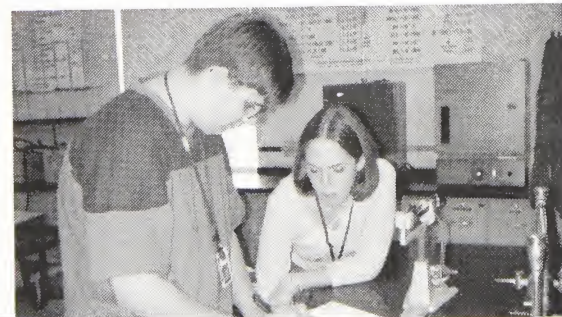

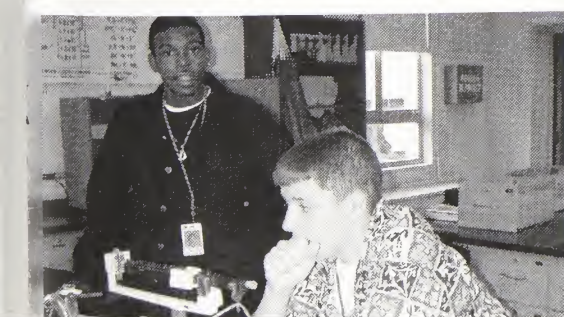

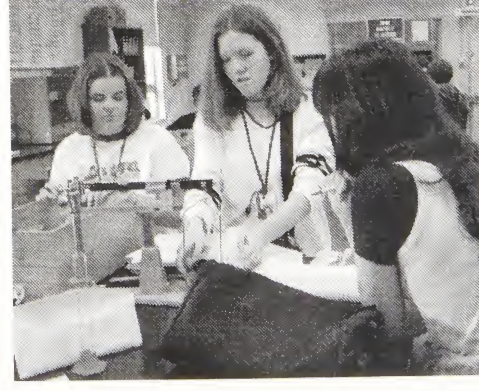

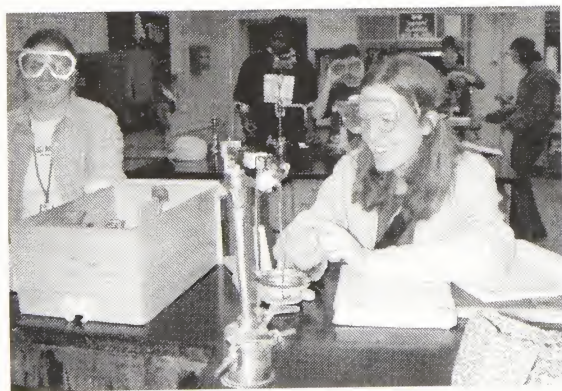

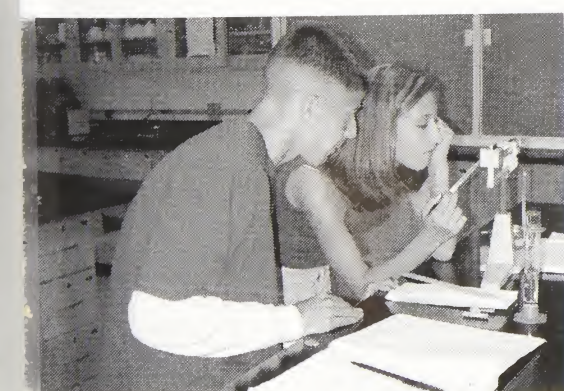

Left: The Marching Band marched through the halls at the end of the day to get students interested in that evening's football game.

Angela Newell, Jackie Willingham and Jessica Ivancic get a chance to learn about working together as a group on the volleyball team.

Tim Basalla, and Ian Alatis, Ashley Joyce and Caitlin Proctor , Abby Blazetic and Ashley Hrovat , Ashley Joyce and Caitlin Proctor, all helping to make Euclid High School what it is.

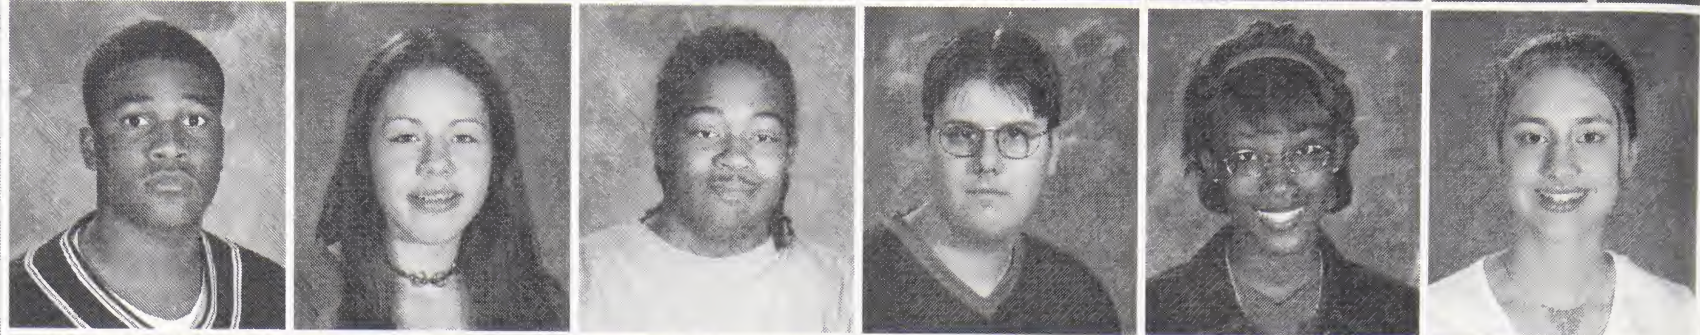

Danquan Williams and Mike Manfredonia, Anthony Bagwell and Leslie Penko and the Voices of New Life Choir were an important part of the high school experience.

The Marching Band helped the school celebrate the football season that would introduce the new millennium.

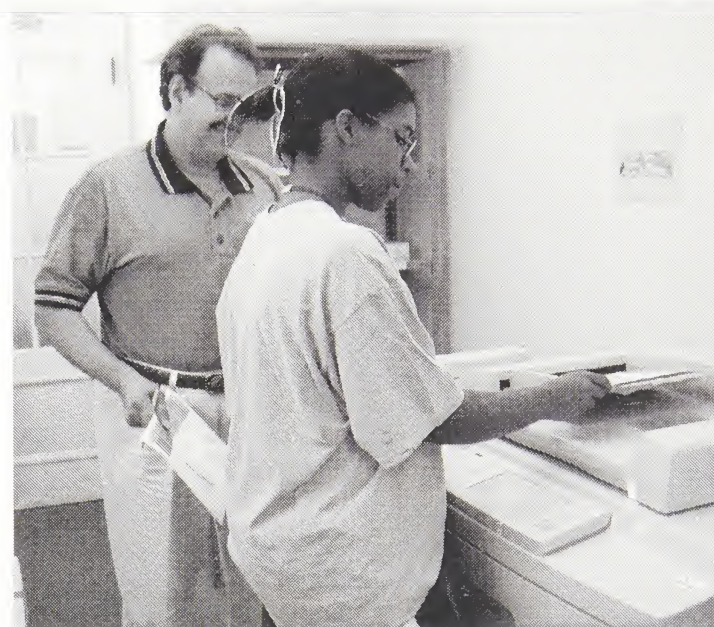

There were many juniors on the JV football team. They were instrumental in the team's success.

Members of Varsity Chorale sang at the football games and put on several performances throughout the year.

The members of the Voices of New Life Choir practiced for their annual Winter Concert in December.

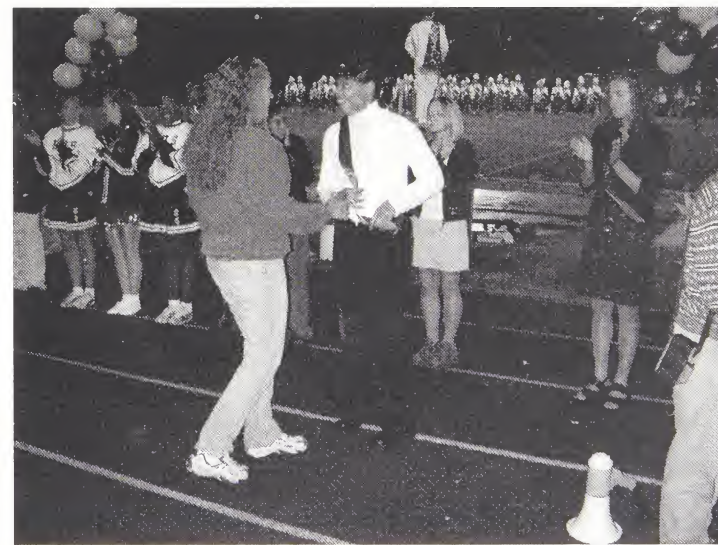

Dominique Drake does some work on the copy machine for Mr. **Tony Russo**.

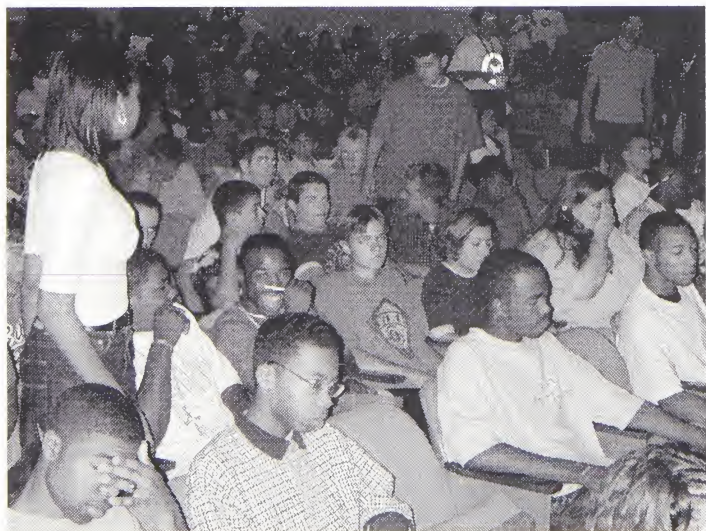

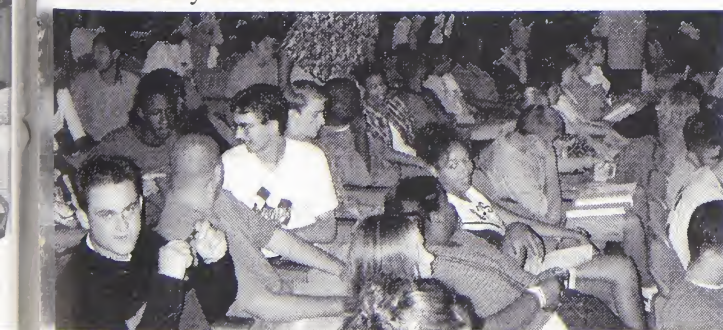

Christal Crosby and **Nichelle Landers** watch the performance of the football players on the field and wait until they are needed.

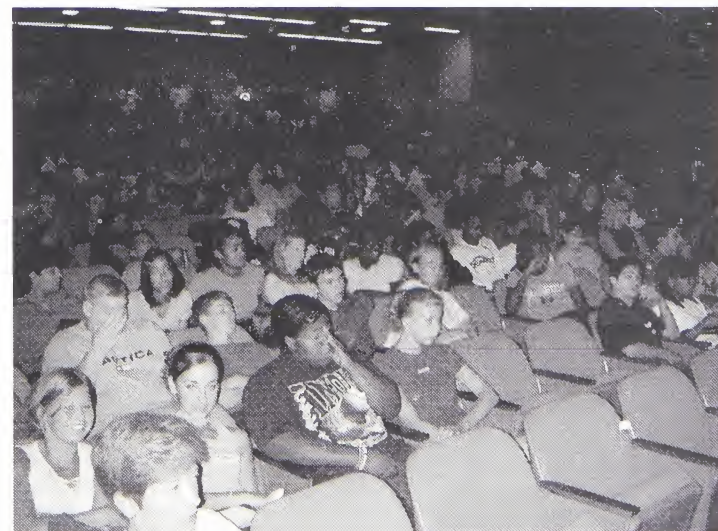

The students in Mr. **Robert Smith's** class are learning how to repair small engines to help them out in the future.

Kelly Ruscin congratulates **Ngozi Anekwe** as a junior candidate before the Homecoming football game.

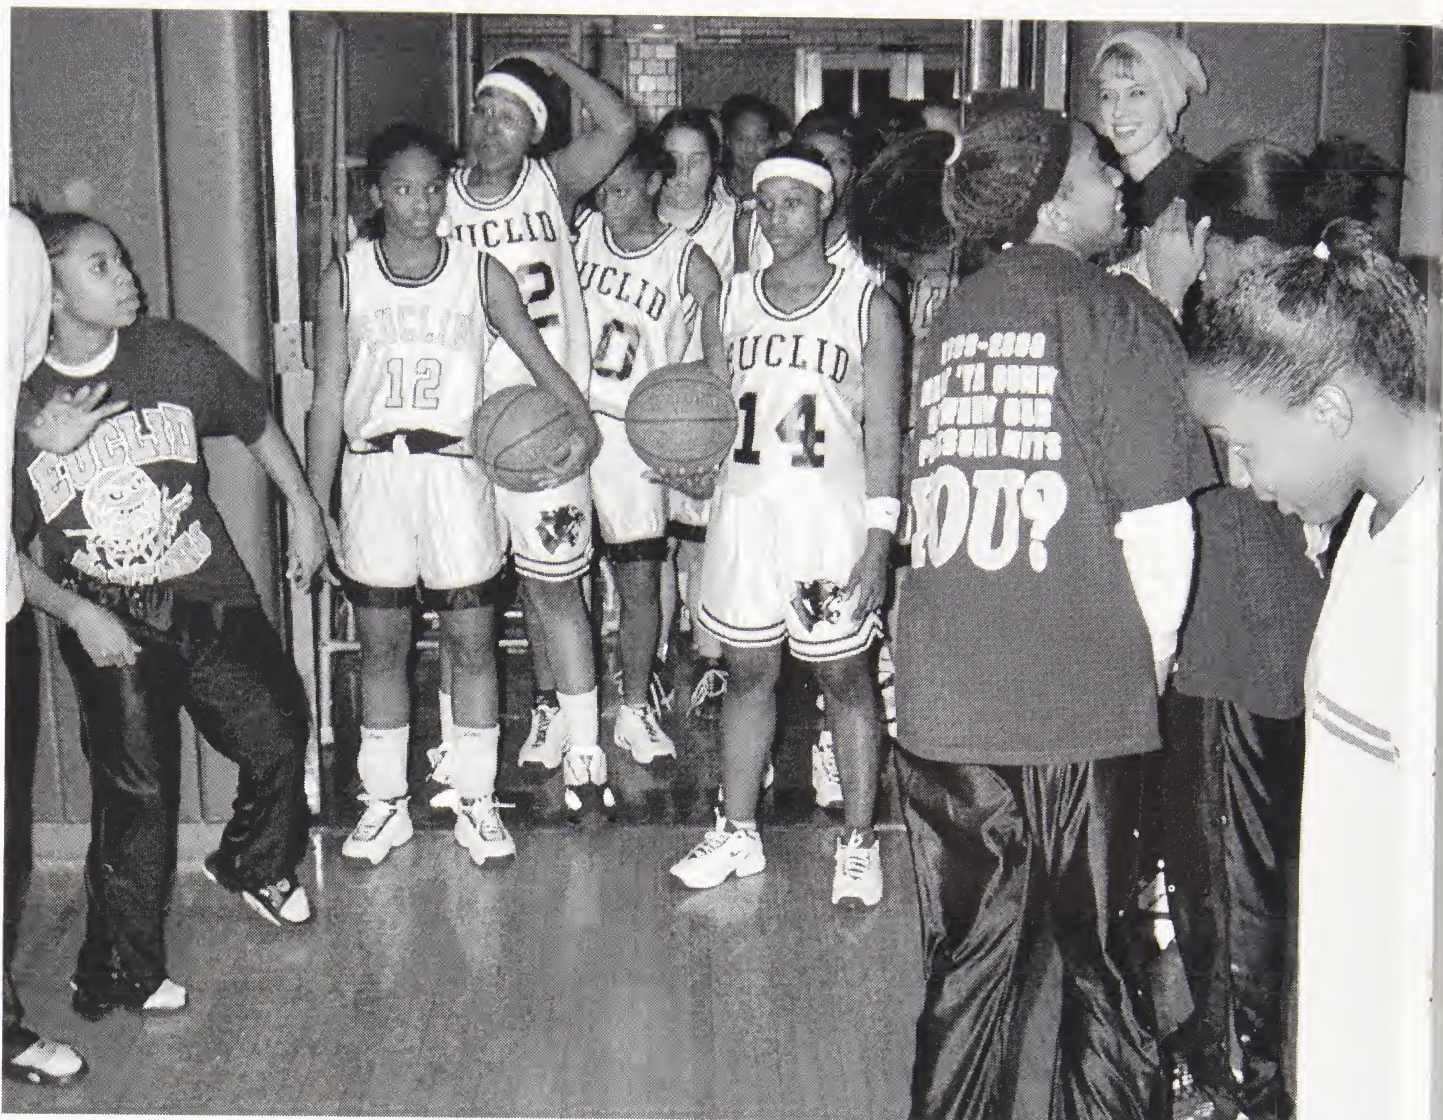

Students got together in the auditorium to watch several assemblies throughout the year.

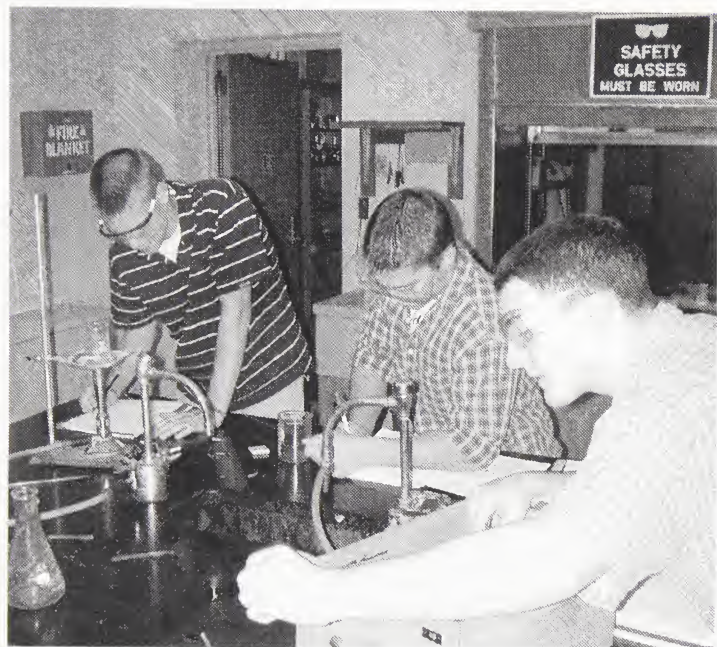

JUNIORS

Juniors were in the enviable position of realizing that they were in their next to the last year in high school. They made the transition to being upper-classmen with their peers by their side. A few have worked their way into positions of authority in the many clubs and athletics offered to them. Many had made decisions as to where they hoped to be going in the future and how to prepare for it with the courses that they were taking. Even though many juniors were overloaded with work and responsibility, they approached their year with much excitement and anticipation of things to come.

-Adria Mc Gill

The girls' basketball team gets ready to come onto the floor to begin the new millennium.

Joe Zuzic, Ricky Kushan and Casey Kilkenney learning about fractional crystallization in preparation for college.

Ruth Woldering, Ngozi Anekwe and Dominique Drake had fun dressing for mismatch day

Austine Clark and Jessica Morris discuss plans for the house in the fall play.

Leslie Hilton and Saadia Tahir working hard on an assignment dealing with the measurement of objects.

Kari Cunningham and Erika Stahre filter their produce through a Buchner funnel with an aspirator to increase the vacuum.

Joe Oslund, Luke Shy and Matt Fisher watch a reaction take place at high temperature in a crucible.

Important events of the year

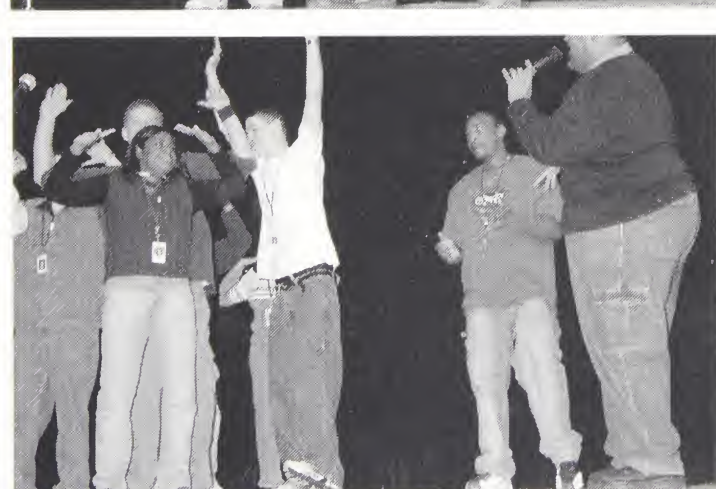

On Friday, November 10, the students at Euclid High School listened to Mr. **Bill Tomko** talk about his experiences during World War II. This Veteran's Day Assembly was put on so the students would become aware of events that had occurred long before they were born. This recognition is now required by law so that students would become acquainted with the meaning of Veteran's Day. Mr. Tomko is a Euclid resident who was a photographer during the war and took many stunning photos of the events that occurred which he shared with the students.

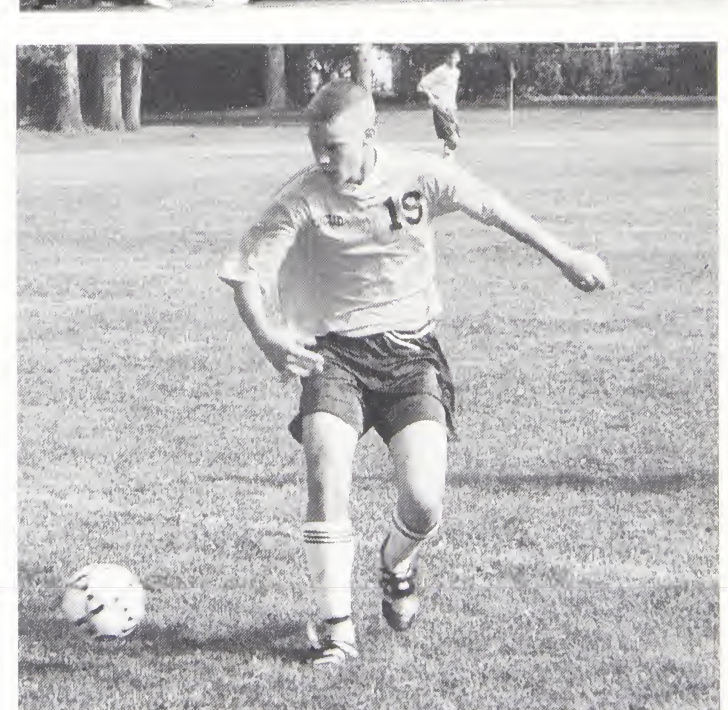

On December 25 there was a partial solar eclipse. One must never stare at the sun with unprotected eyes. Students in Euclid science classes were supplied with dark goggles that made it safe to look at the sun. Here is the AP Chemistry class getting ready to view the sun during the eclipse. Unfortunately the skies were cloudy in northeast Ohio on the day of the eclipse so it was not seen.

On October 20, during the Cleveland Heights football game, Athletic Director, Mr. **Tom Banc** presented a plaque of recognition to **Johnny Johnson's** mother. Johnny would have been a senior but he died before he got to be a senior.

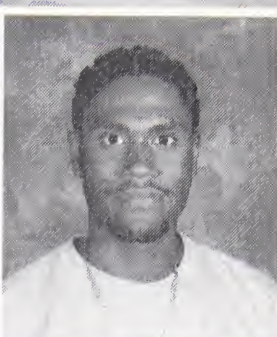

On November 17, **Reggie Dabbs** spoke to the students about choices and had a really motivating and enjoyable presentation. He brought his son, Dominick, for the first time and had the students and teachers performing on stage. Commander **Bill Gray** was dressed for the occasion in sweats and did a rousing break dance routine.

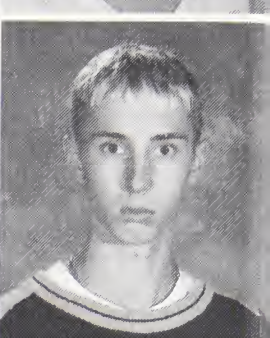

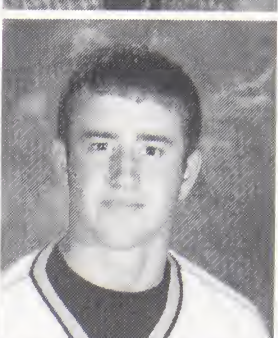

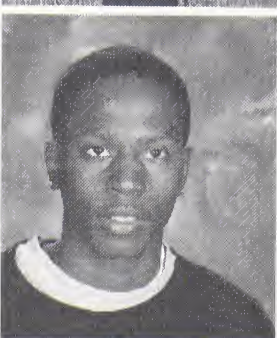

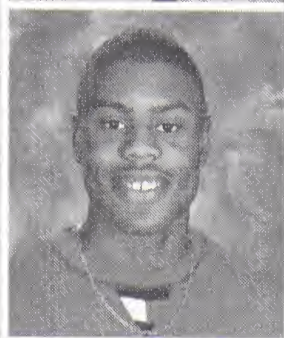

Above: **Joe Zuzic** goes for the soccer ball in order to get a shot on the goal.
Left: **Casey Kilkenney** and **Rick Kushan** show how to make a bubble in a piece of glass.

Because of that, anything that occurred after that time could not be included in the book. The events from the end of the school year are included in this book.

GREAT SEASON

The Varsity boy's baseball team, head coached by **Dennis Turkall**, started off strong in the Lake Erie League. They were led by senior pitcher **Owen Strodbeck**, who was 8-0 going into the post season. **Phil Boje**, **Mike Schoen** and **Bobby Majer** also did much to help the team. This was Coach Turkall's last season since he was to retire at the end of the year and the boys took him out with a bang by going far in the state sectional tournament, before being defeated by Saint Ignatius. The team had a very successful season and looked forward to more.

FAST PITCHING

The Varsity Softball team had a very good season as it began it's second season of fast pitch softball. The girls swung to an overall record of 11-8 and were able to finish 5-5 in the L.E.L. The bad news was that the team consisted of many seniors who won't be playing for Euclid in the future. Senior, **Lindsey Mastalski** led the team in runs, hits, RBIs and doubles. Senior, **Tamika Drake** led the team in stolen bases. Senior, **Julia Stobierski** was the best pitcher with a 9-6 record. The question will be whether or not the underclassmen can step up and take the places of the departed seniors. The team was coached by **Ron Zucca** and **Rhonda Scharf**.

Euclid's leading hitter, **Lindsey Mastalski**, scoops up the ball to make the play at first base.

SPRINTING FOR SUCCESS

The Boy's Track Team finished the season with a winning record but was not able to dominate the events as they had done in the past. Part of the problem was injuries to many of the students in the sprint events and to some of the distance runners. The school did not have as much talent as it had in the past and this affected the outcomes of the meets. Frank Soltesz was the head coach for the team while Tim Gibbons and Larry Nosse were his assistants.

The Girl's Track Team really suffered from injuries and a lack of talent and finished the season with a 1-5 record. The girls did not have the talent that was present in previous years and lacked enough depth so that athletes could be spread around and not have to compete in a lot of events. **Pete Schwenke** was the head coach for the girls and **Joe Rodriguez** and **Dick York** were his assistants. The next year could be a problem since both **Joe Rodriguez** and **Dick York** retired

NOT LOVIN' IT

Boy's tennis faced tough competition and finished below .500

They finished the season with a 7-9 overall record and 3-6 in the L.E.L. **Brad Kushan** at first singles was only a sophomore and **Jim Vitolo** at third singles was only a freshman so the team should have upcoming talent for the next season. KEEPING THE WHEELS GREASED

Big Show 2000 was presented on March 9, 10 and 11 and consisted of the fifties rock and roll musical, "Grease". The plot, characters, music, effects and of course the fun, all contributed to the success of the show. Big Show has been a tradition at Euclid High School for many years and the wonderful performance of "Grease" celebrated the past and gave hope for the future.

"Grease" was the story of a group of high school students in the 1950's. The plot revolves around Sandy(**Alison Baranowski**) and Danny Zuko(**Nate Dore**) and all the twists and turns of their teenage love. Rizzo(**Kristin Clark**) and Kenickie(**Chris Zalewski**) also captured the audience with the ups and downs of their love-hate relationship. The Pink Ladies (**Stephanie Hughes, Jean De Wine and Jennifer Davies**); and the Burger Palace Boys (**Dave King, Joe Plovock and Marques Richeson**) also played vital roles in the show. Other important roles included Eugene(**Michael Maurer**); the most enthusiastic cheerleader at Rydell High, Patty Simcox(**Lisa Koller**), Cha Cha DiGregorio(**Jenn Brunner**); Miss. Lynch(**Jenny Koller**); Teen Angel(**Dan May**); the Prince of the Platters, Vince Fontaine(**Jarod Miller**); and Johnny Casino(**Nick Mc Gill**)

The show was directed by **Reiko Carey, Shawn Colvenbach and Diane Tizzano**. Behind the scenes, the tech crew was hard at work making sure that the sounds carried throughout the auditorium and that everything occurred when it was supposed to. Months of practices were necessary to get the show into its final form.

Nate Dore had been talking to his friends about the girl he met during the summer and whom he thought was now gone. He is really surprised when the Pink Ladies show him that **Alison Baranowski** is now going to Rydell High School. He has to act cool in front of his friends and his reaction is somewhat cold to Alison.

Jennifer Davies is singing about her boyfriend in the song "Freddie My Love".

STEPPING OUT ON THE TOWN

Euclid prom returns to Landerhaven

Prom was held on Friday, May 12 from 7:30 to early Saturday morning. Students came to Landerhaven in high spirits to be a part of the 2000 Senior Prom. After arriving students took lots of pictures and had their official picture taken. Dinner began at 8:00 P.M. and there were buffets of many delicious foods. The surrounding of Landerhaven was beautiful. There was two patios joined by a small bridge over a pond. The bushes and trees were shinning with white lights. One of the patios served soft drinks and many students enjoyed hanging out there with their friends. After the meal the dancing began and students enjoyed each other's company as they danced away the hours. Prom ended at 12:00 with a slow dance that everyone savored. Most students then went to After-Prom which was held at the High School where the students could play basketball, sing, dance, snack or play at a small casino. This continued until 4:00 am when the evening was officially over and the students went on their ways. It was the end of a memorable experience for everyone.

-Amanda Bachmann

Before dinner students enjoyed being together on the patios.

Prom began as many students arrived in limousines.

After arriving the students checked in at the desk.

STEPPING OUT TO THE WORLD

Euclid commencement moves to the Palace Theater

Principal, Mr. Ron Seymour beginning the commencement ceremonies.

Commencement was held on the evening of Thursday, June 8 at the Palace Theater in Cleveland. This was a big change after the past five years when it was held at Euclid High School in either the stadium of the East Gym. After being baked in the sun in the stadium in 1999 it was decided to go to the newly restored Palace Theater which was air conditioned. Parking was much more of a problem than at the high school but everything worked out well and the class of 2000 was able to embark on the next phase of their lives. Speeches were given by Valedictorian, **Allison Penko** and Salutatorian, **Derik Malenda** that were enjoyed by all. The class of 2000 had a lot to be proud of.

Varsity Chorale sang several selections.

Dear Sarah,
The memories you have given us are legendary.
Walking and talking at birth; experimenting with
various art media (with our house as your first
canvas); always testing the gray area of how far you
could go; and of course being left behind.
We look forward to the memories yet to come. We
will have to race to catch up to you and we can only
imagine the heights you will reach. Congratulations!
Love, Mom, Dad, Megan, Christine, Matrika, Paula

You are at the point in your life where Mom & Dad have
proudly watched you grow, knowing that soon, we'll have

Abra Charmaine Smith

To Abra,
 God has truly blessed me!
 Sunshine burst into my life Dec. 2, 1982.
 Two weeks before it was due.
 Oh praise God, that sunshine was you.
 My heart feels sort of sad,
 But yet it's oh so glad.
 My little girl has gone away
 But her mommy I'll always stay.
 She's gone from a cute "Gerber Baby"
 To a beautiful young lady.
 There will be hard times for sure,
 But with God's light you will endure.
 Remember the saying, "When Life Gives
 You Lemons, Make Lemonade" and enjoy!
 Love, Mom AKA "Squat"

May you go as far as you can go on God's wings
 and with God's Blessings.
 Love, Aunt Margaret

Dear Abra,
 I'm so proud of you.
 I love you for eternity.

The Gift of an Angel by Your Side

May you always have an angel by your side
 Watching out for you in all the things you do
 Reminding you to keep believing in brighter days
 Finding ways for your wishes and dreams to come true
 Giving you the strength of serenity as your guide
 May you always have love and comfort and courage
 And may you always have an angel by your side
 Someone there to catch you if you fall
 Encouraging your dreams
 Inspiring your happiness
 Holding your hand and helping you through it all
 In all of our days, our lives are always changing
 Tears come along as well as smiles
 Along the roads you travel, may the miles be a thousand times
 more lovely than lonely
 May they give you gifts that never, ever end:
 Someone wonderful to love and a dear friend in whom
 you can confide
 May you have rainbows after every storm
 May you have hopes to keep you safe and warm
 And may you always have an angel by your side.

To my special son
 Matthew,
 Today you are standing on
 the threshold of tomorrow.
 You are a symbol of hard
 work and accomplishment.
 I am proud to say you are
 my son. It is hard to believe
 all your high school days
 are through. Now it is time
 for you to say good-bye to
 teachers and friends and
 close your locker door for
 the last time. Now it is time
 for you to go. Take with
 you all your memories and
 move forward all the while
 understanding that you are
 truly strong enough to put
 yourself anywhere you
 want to be. Stay focused -
 take one day at a time.
 Remember you are always
 in my heart. I love you. I
 believe in you and I support
 you.
 Love Ya Matt!

Michael, Michael "taco man."
Who's the biggest W.W.F. fan?
You may be funny; you may be bright,
But being a D.A.R.E. role model is out of sight.
So as you leave old Euclid High,
Remember A.V. and give a sigh.

We're VERY proud of you because you're

Adrianne D. Thomas,
As we gaze upon
Adrianne's picture at
the age of 2, we are
truly amazed at how
the years have passed
so swiftly. Our
"darling" little baby
girl has grown into a
young lady whom we
are very proud of. She
is charming,
intelligent, has
integrity and a sense
of humor as is a
Christian. It is our
hope and prayer that
she will continue to
grow with these
characteristics into
adulthood and to be
the very best person
she can be.

CLOSING

Colophon Thank You Staff

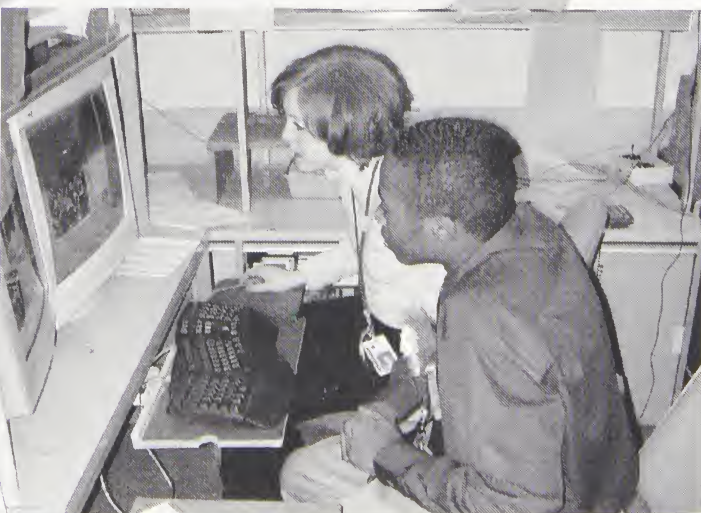

Josten's Printing and Publishing Division at State College, Pennsylvania printed the 530 copies of the 2001 *Euclidian*. The book was printed on Gloss 191 paper stock and included 48 pages of full color. All pages were created using the Adobe PageMaker® 5.0 program running on a Macintosh G3 computer that had 192 megabytes of RAM, and a 6 gigabyte hard drive. The pages were backed-up onto the Euclid server and on CD ROMs. A 21" color, two page monitor working with a 17" color monitor made page layouts much easier. The G3 was using system 8.6. Most of the pictures in the book were taken with a digital camera. Digital images were imported either directly from a Kodak DC 280 or a Nikon Coolpix 990 still Video Camera into the G3 via USB interface or a USB CameraMate Compact Flash card reader. The images were processed using Adobe Photoshop®. Graphics were produced using Aldus Freehand® and Microsoft Works®. For the first time ever the color images were scanned by Josten's so they could be altered in size. The index was made using the Josten's program, Last Name First®. The pages were recorded on 100 megabyte Iomega® Zip disks or CD ROMs since the files were so large due to the number of digital images and hard copy was printed on a Hewlett Packard LaserJet III printer. The hardcopy and disks were sent to Josten's who stripped in the photos and produced the final copy on a Linotronic printer. The cover was designed by the **Josten's Art Department**. Pages were submitted to the plant on five deadlines: November 13, November 27, January 1, January 29, and February 26. The pages were submitted as double page spreads. All the color pages had to be in the first deadline since their production entailed so much work. Since the final deadline was in late February, nothing that occurred after that time could be included in the book. The picture patron option is still popular with fifty nine students having their baby pictures included. Continuing this year was the option for parents to purchase more than just the 1/9 page ad if they wished to put multiple pictures or longer messages to their children. The Name Stamp option that was begun several years ago has also increased in popularity.

The staff of the 2001 *Euclidian* would like to extend thanks to all who helped to make this book possible. First and foremost, thanks have to go to the adviser, **Mr. Von Benken** for the many long hours of hard work and planning that had to be put in to get the entire operation going and to keep it going. Others to be thanked are: **Ohio School Pictures, Inc.** for supplying film and processing for the many pictures that appeared in the book and for taking many of the team pictures, senior and underclass pictures. **Josten's Yearbook Company** for putting it all together in such an artistic manner, **Jennifer Beatty** for all the time she spent arranging photography dates and supplying needed materials, **Joanne Hodder** and **Joan Beuoy** for all the time and work they did trying to get the senior pictures arranged and taken, all the writers and photographers who contributed their time, and last but not least, the entire student body at Euclid High School without which this book could not exist.

Many people helped in some way with the 2001 *Euclidian*. Some wrote stories while others worked on the laying out of the book while others helped in the mailing of letters. Some of the students who did some work were **Mary Pat Pavicic, Christina Sugar, Matthew Tschantz, Carla Okorn, Saadia Tahir, Marques Richeson, and Mr. Von Benken.**

Disclaimer

The 2000-2001 school year is history. Many interesting and significant events occurred during that time and the *Euclidian* tried to cover as many of them as possible. This was difficult due to the limited staff. If we missed something, we are sorry. We sincerely apologize for any errors or omissions that occurred in the book but you have to understand this is only a high school publication and mistakes can happen.

Clockwise from Top: **Christina Sugar, Jennifer Ellul, Mary Pat Pavicic, Saadia Tahir, Matt Tschantz, Marques Richeson and Mary Pat Pavicic** helping on the 2001 *Euclidian*.
